PRICE FIVE CENTS

MORE THAN 200 STOCKHOLDERS AT BANK DINNER

More than 200 stockholders and guests attended the 16th annual stockholders' dinner of the National Bank of Adams County Thursday evening in the social room of the Zion United Church of Christ, Gettysburg. The meal was served by the Everready Sunday School Class.

Dale E. Ecker, cashier, told the group that total assets of the bank at the close of business in 1963 were \$3,470,574, an increase of more than \$1,500,000 over the 1953 figure. Earnings of \$7,500 were distributed in dividends to 147 stockholders in 1963, he reported, and said that a balance of \$32,426 exists in undivided profits for the year.

The bank operated an operating income for 1963 of \$150,961.27, and operating expenses at \$111,311.83. Total earnings before income taxes were \$39,649.44.

PRESENT GUESTS

C. E. Taylor, president, welcomed the group and served as toastmaster. He introduced Philip D. Miller, former cashier of the Adams County Bank and now cashier of the Coopersburg, Pa., National Bank, and Frank J. Madle, a vice president of the Coopersburg bank; William McClell, first vice president of the Pennsylvania Banking and Trust Co., Philadelphia; J. Woodward Seitz, York, tax accountant, and Franklin Bigham and S. M. Raffensperger, attorneys for the bank. Rev. Fred A. Trimble Jr., pastor of Zion Church, gave the invocation.

Guest speaker for the dinner was Winston K. Pendleton, Arlington author, lecturer and public relations man, whose subject was "Aw, Stop Worrying."

Officers and employees of the bank are R. H. Shull, honorary chairman of the board; C. E. Taylor, president; G. A. Slaybaugh, vice president; Dale E. Ecker, cashier; Mrs. Janice Smallwood, assistant cashier; Mrs. Betty Bohrer, teller, and clerks, Mrs. Mary Heckenluber, Mrs. Janet Mickle and Mrs. Louise Kane. Directors are Clifford H. Bucher, Daniel S. Mickle, W. A. Raffensperger, R. H. Shull, G. A. Slaybaugh, C. E. Taylor and M. LeRoy Zeigler.

BAPTIST UNIT FORMED HERE

The first services of the Country and Town Baptist Chapel will be held Sunday morning at 8:30 o'clock in the building at the corner of Wainwright Ave. at the high school parking lot formerly used by the Church of the Nazarene, before it built its present structure.

Rev. Larry Stewart, pastor of the Country and Town Baptist Church, Camp Hill, since its founding in 1961, will be in charge of the Southern Baptist chapel here. A native of Macon, Ga., Rev. Stewart, graduated from Mercy University and the New Orleans Theological Seminary. He currently serves as chairman of evangelism for the Keystone Association of the Southern Baptist Association.

Clifford L. Ruland, Littlestown R. 1, is superintendent of the local chapel. Keith Hickman, Gettysburg R.D., is superintendent of the Sunday School. The local Southern Baptist congregation, comprised of five families, began meeting in April, 1963, at the homes of the members.

Services at the local chapel include worship each Sunday morning at 8:30; Sunday School at 9:30 and prayer meetings will be held each Thursday night at 7:30 o'clock. Rev. Mr. Stewart resides at 126 Cambridge Dr., Mechanicsburg, and his phone number is 766-8819. He will begin radio broadcasts Easter Sunday over WKBO.

Will Model Easter Millinery Monday

The program committee of the Hospital Auxiliary has arranged a special showing of spring millinery for the regular meeting of the group Monday afternoon at 2 o'clock in the Warner Hospital dining room.

Tailored and dressy spring fashions will be modeled for the Carol Ann Shoppe by Mrs. Jon Pensyl, Mrs. Harold Hand, Mrs. Robert Hand, Mrs. John Teeter, Mrs. George Fair and Mrs. Jay Brown.

Final plans for the rummage sale, to be held April 10 and 11 in the Hotel Gettysburg press room, will be reviewed.

WAYBRIGHT IS PRESIDENT OF YMCA BOARD

Richard Waybright, Gettysburg R. D., was elected president of the Adams County YMCA board at its meeting Thursday evening in the Lamp Post Tea Room. He succeeds C. P. Keeler, New Oxford, who was given a rising vote of thanks for his service as head of the organization.

Walter B. Lane was named vice president; Dr. Howard Bream treasurer and Miss Joyce Stary secretary. The latter two are re-elections. Chester Byers was named chairman of the finance committee.

Plans for the day camp this summer occupied most of the time at the meeting.

PLAN TWO CAMPS

Two camps will be held, each of two weeks with the first starting in June and the second in July. A charge of \$20 per boy per each two-week period will be made. The first camping period will be for boys eight to 14, the second for those 11 to 14, and those who camped last year.

Plans were made to conduct "outpost camping" three nights during the camping period. During "outpost camping" the youths will go to other YMCA camps in the area to stay overnight.

Prior to the opening of the camp, members of Explorer Post 78, headed by Associate Advisor James Fox, will clean the grounds near Natural Dam and sow grass in the baseball field and other areas. The camp committee, headed by Vice President Lane will install two shelters and a permanent fire place. A 12 by 30-foot pavilion, a well and sanitary facilities were provided for the camp site last year.

CHOOSE DIRECTORS

The Gettysburg Garden Club will hold an open meeting Thursday afternoon at 1:30 o'clock in the West St. Bank.

CRAIG S. OLIVER

when a horticultural expert will demonstrate methods of shrubs used in home landscaping.

Oliver S. Oliver, Pennsylvania State University, will discuss soil media and techniques of starting new plants from cuttings. He is an assistant professor in Ornamental Horticulture Extension and works with nursery, community projects and home owners. His thesis study for a master's degree from PSU was based on greenhouses for high school use. He attended the Norfolk County Agricultural School, Walpole, Mass., where he majored in landscaping and floriculture, and later worked at the Waltham, Mass. Field Station. He is a member of the Soil Conservation Society and the American Rhododendron Society.

The lecture is one of several public meetings sponsored annually by the Gettysburg Garden Club and is open to all residents interested in gardening. There is no admission charge.

PLAN PAGEANT, DECORATIONS AT EAST BERLIN

Initial plans to decorate the community June 14 through 20 during the bicentennial celebration were made at a general meeting Wednesday night at the fire hall in East Berlin.

It also was announced that \$1,500 had been allotted for staging and directing a pageant and the winners in the poster contest were announced.

The novelties committee was authorized to contact various firms regarding the purchase of bunting, flags, etc., and report at a later meeting. The possibility of prizes for the best decorated places also was discussed.

The pageant committee was authorized to spend \$1,500 for writing and directing the pageant to be held at the rear of the elementary school. It was noted that an outdoor stage will be built.

STEPHEN FOSTER PROGRAM

Elementary children will present a Stephen Foster program Wednesday evening, June 17, and a barber shop quartet has been engaged to sing between the various contests June 15.

Winners in the recent art contest conducted in the schools were Martha Eshelman, first; Edward Cramer, second, and James Eisenhart, third. Miss Eshelman was presented a trophy, copy of "Wheels of Time" and a historic supplement. Edward was given a copy of "Wheels of Time" and a supplement and James received a copy of the book.

The contest was for sketching establishments throughout the town.

It was announced that, for the pageant, a \$1 donation from adults will be required for admittance and 50 cents for children under 12 years.

INSURANCE COVERAGE

Irvine Gross and Charles Spangler have been authorized to secure liability insurance and coverage for parents helping during the week of the activities.

The possibility of holding a Queen's Ball was discussed and Sylvia Herman of the ball committee and Dr. John Schwartz of the program committee were requested to report and study.

The group agreed to request the area churches to hold special services noting the celebration on Sunday, June 14.

Charles Wallace of the historical committee reported that each household place at least one antique in a front window.

Wallace said that if the people will let him know what they are exhibiting, the title will be placed in the official programs.

Coins designed with the seal on one side and the founder and date on the other were displayed at the meeting by Mrs. Clark Livingston. There have been only 2,500 minted and Mrs. Livingston said they will sell for 50 cents. They can be obtained from Gene Schwartz, Lau's Restaurant or Mrs. Norman Altland.

Open Evangelistic Series On Sunday

A week-long series of evangelistic services will open Sunday evening at 7 o'clock at the Mummusburg Mennonite Church according to Rev. Forrest Ogburn, pastor.

Mevin Kauffman, Roaring Branch, Pa., will be the evangelist.

Services during the week will be at 7:30. The final service will be March 29 at 7 p.m.

The public is invited to attend.

Township Plans Amusement Tax

The supervisors of Reading Twp. advertised today in The Gettysburg Times their intention to adopt two ordinances at a meeting on April 10, one imposing a five per cent amusement tax and the other laying out a new road.

The supervisors estimate that the amusement levy may bring in about \$1,300 per year with a bowling alley and swimming pool among the chief sources of revenue for the tax which would go into effect May 15.

The proposed new road will extend for about two-tenths of a mile south of Hampton and east of Route 94. It will be known as Staub Rd. The supervisors have found the road "in the best interest of the traveling public and expedient to lay out and maintain."

The board's officers are Fred L. Leas, president, and Glenn Hoffman, secretary.

STRABAN FOLK TO PETITION SCHOOL BOARD

Petitions were being circulated today in the New Chester section of Straban Twp. asking that public school pupils in that area continue to be assigned to the New Oxford schools in the upcoming reorganization of Adams County schools.

The petitions were prepared at the close of a public meeting Thursday evening in the parish hall of the United Church of Christ at New Chester when patrons, county and township school officials discussed school problems.

The petitions are directed to the Straban Twp. school board and to the Adams County Board of School Directors.

COULSON SPEAKS

Pupils in the eastern spur of Straban Twp. have been going to New Oxford schools on a tuition basis for more than a decade. About 65 elementary and high school pupils are involved now.

Donald Rhodes, who served as spokesman for the patrons, said his group fears that under some reorganization plans the pupils might be assigned to Gettysburg which is about 15 miles away instead of New Oxford, only three miles away. The petitions point out the geographic situation, note that New Oxford is the center of community interests in that part of the township and that pupils would have better opportunity to take part in extra-curricular activities at New Oxford. It is also

Spring May Find Rough Going Soon

Spring arrived here this morning at 9:10 o'clock with the temperatures only five degrees above freezing and with weathermen predicting winter-like weather for the weekend.

The temperatures had dropped below freezing overnight after climbing to only 45 degrees Thursday afternoon. On this same day last year the temperatures were close to today's after three-fourths of an inch of rain overnight.

The only time in recent years when snow has fallen on this date was in 1958 when eight inches of the white stuff was measured. The all-time heat record for this date was set in 1921 at 85 degrees and the coldest March 20 on record was in 1923 at 14 degrees.

TO PRESENT PLAY Sunday Evening

On Sunday at 7:30 p.m., the Mennonite Players of the Fairfield Mennonite Church will present at the church the play, "Cry Dawn in Dark Babylon" by P. W. Turner, an Anglican priest. This is a play about death, resurrection and the church.

Members of the case include: Priest, Gerhard Klaassen; Mr. Jones, Gary Bechtel; Mrs. Jones, Mabel Williams; woman one, Tanya Richardson; man one, Delmar Richardson; man two, Michael Smith; woman two, Mary Roth; and woman three, Jane Deardorff. Technicians are Eugene Sowers and Art Roth.

This play is the last in the series of Fairfield Community Lenten services, sponsored by the ministerium there. The public is invited to attend.

OPEN FOR VISITORS

The Gettysburg Travel Council office Saturday will begin weekend hours, and remain open from 10 a.m. to 3 p.m. Saturdays and Sundays through the Easter weekend.

ROTH REVIEWS FIGHT TO ERECT STATE MARKER

Details of the legal action by which the 72nd Pennsylvania Regiment established its right to place its monument 20 feet from the wall at The Angle on the Gettysburg Battlefield were outlined Thursday night to the Gettysburg Civil War Round Table at its meeting in the GAR home, E. Middle St., by G. Henry Roth.

"It took the 72nd about ten minutes to push the Confederates back to the wall on the afternoon of July 3, 1863 — but it took the regiment two years and seven months of battling in Adams County courts against the Gettysburg Battlefield Memorial Association to get its monument within 20 feet of the wall," Roth said.

DIGGER ARRESTED

Details of the lengthy court battle to establish the location of the monument, as obtained from court records in the prothonotary's office, show that John Reed, one of the survivors of the 72nd, was arrested on December 12, 1888, when he began to dig the foundation for the monument scheduled to be located 20 feet east of the wall at The Angle. He posted the \$500 bail required and almost immediately began an equity action on behalf of the 72nd against the Battlefield Memorial Association to secure the right to place the monument.

Famed soldiers came to Gettysburg to testify in connection with the hearing in the equity case held by Gettysburg Attorney William Arch McClean, who had been appointed master in the case by the county court.

A number of excerpts were read from the 93-page report of McClean as master, principally the portion in which McClean summed up the testimony of such witnesses as General Alex Webb, who commanded the Philadelphia Brigade at the Angle on July 3, 1863, and recalled apparent conflicts in the testimony.

The Battlefield Memorial Association had held that the 72nd never came closer to the Angle than what is now Hancock Ave. on the battlefield.

Plan Hymn Sing At Mt. Carmel EUB

The Youth Fellowship of the Mt. Carmel EUB Church will sponsor a hymn sing at the church Saturday evening at 7:30 o'clock as the first in a series of special events there for the Easter season. Several churches are to be represented and the public is invited to the hymn sing.

On Palm Sunday, the church choir under the direction of Mrs. Clyde Metz will present a cantata at the 11 a.m. service.

The Rev. Dr. Paul E. Horn, York, superintendent of the Pennsylvania EUB Conference, will conduct the local conference for the Orttanna EUB charge on Tuesday evening at 7:30 o'clock in Mt. Carmel Church.

There will be an Easter dawn service at 6 o'clock at that church under the sponsorship of the Young Adult Class and a breakfast will follow. There will not be a charge for the breakfast but an offering will be received.

TO DRAFT ONE

The Adams County Draft Board received orders to induct one man on Wednesday, April 22, and to send 37 men for final physical examinations on the same date. On Tuesday four were inducted to fill the March quota and 58 were sent for their final physicals.

5 APPOINTED AS NEW GUIDES

Kittridge Wing, superintendent of the Gettysburg National Military Park, announced today that five Gettysburg men have been appointed Battlefield guides.

Those appointed are: Kenneth J. Cole, 28, 51 E. Stevens St.; James M. Cole, 21, 51 E. Stevens St.; George E. Stover, 49, 175 Hanover St.; Melvin B. Sargent, 63, R. 2, and Arthur C. Aikin, 70, 38 E. Lincoln Ave.

These men were selected on the basis of having successfully passed a recent written examination and demonstrating the ability to present the Gettysburg story in an interesting, factual manner to Park visitors, the superintendent said.

They bring the guide force to 55 men.

STATE BUDGET FOR MENTAL HEALTH HIT

Members of the Adams County Mental Health Association were told at their luncheon meeting Thursday at the Lamp Post Tea Room of the need for increased state appropriations for mental institutions and for aid to needed clinics in communities in many parts of the state.

William Phillips, district director for the state mental health program told the group that there is an expected "increase of at least five per cent in operating costs of these mental hospitals every year. Just to maintain present minimal standards, repairs to old buildings must be made. The appropriation of \$1.5 million should be raised to \$4 or \$4.5 million," he said. "The \$600,000 allotted in the appropriation bill aid for a possible 10 community planning local mental health clinics should be raised to at least \$200,000 or \$250,000 to make the budget adequate."

Association members were urged to write their state representatives regarding the budget and mental health.

The matter came before the association when Mrs. W. W. Wood reported on an article which appeared March 17 in The Gettysburg Times quoting mental health leaders who decried the "penurious" allocations for mental health in the state budget. In a letter to Gov. Scrantom, F. D. Justin, president of Pennsylvania Mental Health, Inc., called the budget "completely unrealistic."

GIFT FROM CLUB

Vice President Howard Musselman presided at the meeting. A gift of \$10 from the Junior Women's Club of Littlestown was announced by Mrs. Nadine Long, secretary, and the Littlestown club was given a membership in the association. Mrs. Carol Solomon, Seven Stars, a psychiatric social worker who recently moved to this community was introduced as a guest and accepted as a member.

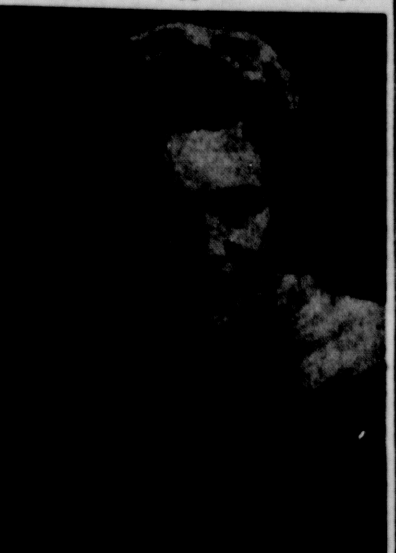

Plans for the annual meeting May 6 were announced by Mrs. Virginia Parry, the chairman. There will be a public dinner and the county commissioners will be invited.

A request from the National Association for Mental Health to solicit the use of billboard space for roadside advertising was disapproved on recommendation of Mrs. Wood, who is chairman of the public relations committee.

College Given \$58,000 For Planetarium And To Landscape Its Campus

MISS WEBSTER WILL PERFORM HERE MONDAY

Miss Margaret Webster, one of the most outstanding figures in the contemporary American theater, will appear at 8 p.m.

MISS WEBSTER

Monday in the Student Union auditorium under the auspices of Gettysburg College. The public is invited. There is no admission charge.

For her performance at Gettysburg, Miss Webster's presentation will be "His Infinite Variety," a Shakespearean anthology of dramatic readings. Miss Webster, a recognized authority on Shakespeare, presents her view of him by means of speeches, poems, and scenes from his work, as a man of the theater (Henry V. As You Like It, Henry VIII); as a singer and sonneteer, as creator of an infinite variety of human characters.

Miss Webster has directed school productions, judged amateur drama festivals, conducted college seminars, worked in radio, television and movies, written and talked about the theater to every kind of audience in England and America.

ON LONG TOUR

She comes to Gettysburg as part of a cross-country tour, her third within the past five years. She was born in New York, and reared in England, and returned to New York in 1937 to direct Maurice Evans in "Richard III." Her mother was Dame May Whitty, remembered from stage and screen, and her father, Ben Webster, came of a famous theater dynasty.

PALM SUNDAY SERVICE

There will be two worship services in the Presbyterian Church Palm Sunday at 9:15 a.m., concurrent with the church school, and 10:45 a.m. The choir, directed by Paul W. Grove, will sing two selections: "Jesus Christ Triumphant," by Staley, and "The Palms," by Faure. Rev. Robert A. MacAskill will preach on "The Lord Hath Need."

K. C. TO MEET

The local Knights of Columbus will meet Sunday evening at 8 o'clock at the K of C room in the Weaver Building, Lincoln Square, Grand Knight Frank Slonaker has announced.

Court Rules Pastor Has No Right To Oust Family For Boisterous Singing

By ROBERT COOKE
LOS ANGELES (AP)—Pastor Wayne A. Eurich says the John H. Chapman family ought to be kicked out of church because they engaged in boisterous and uncouth singing during services.

But a judge says no.

Superior Court Judge McIntyre Faries ruled Thursday that Chapman, 49, and his daughter, Connie Ray, 22, may attend services at the Mar Vista Baptist Church.

Chapman's wife, Betty, 41, however, remains enjoined from attending church while the court hears further testimony. She is accused of singing too loudly and deliberately off-key during services.

GETS INJUNCTION

An injunction was granted in August, 1961, against the entire family, but Judge Faries has refused to make it permanent, saying evidence of the uncouth singing, especially against the husband and daughter, was insufficient.

Eurich testified Thursday that

President C. A. Hanson announced today two gifts to Gettysburg College totalling \$58,000 from George G. Hatter, retired businessman of Lemoyne.

Hatter is an alumnus of Gettysburg College. Following his graduation in 1911 he was employed as a surveyor with the Pennsylvania Railroad. Later he joined the State Highway Department advancing from chief clerk to superintendent and executive manager of the maintenance division. In 1923 he founded the Pennsylvania Motor List Corporation which he owned and operated until he retired in 1957.

One gift amounting to \$25,000 is to be used for landscaping and campus beautification.

The other gift of \$33,000 will provide for a planetarium and telescopes. The planetarium will be housed temporarily in a place suitable for its use in the academic program and for public demonstration. It will eventually be moved to a permanent place in the science area of the campus.

The new facility will permit teaching of the earth and space sciences in a completely new way, in keeping with modern teaching techniques.

The planetarium is capable of simulating the visual sky to students as they would observe it in nature, from any point on the earth's surface, and for any time, past, present or future. The classroom sessions can be held any time, day or night, and, since it is a simulator, the planetarium operates independent of weather conditions which often makes outdoor observation unreliable. Since specific observation of motions in space can be programmed quickly due to modern concepts used by the manufacturer, students are able to experience, during the classroom period, phenomena which might take months or years to observe under the real sky. The facility will accommodate 60 viewers under a 24-foot projection dome.

J. A. ROUTSONG DIES THURSDAY

Jonas A. Routsong, 66, a farmer in the Bendersville area most of his life, died Thursday night at 10 o'clock at the home of a daughter, Mrs. Caroline Bucher, Aspers, with whom he had resided since the death of his wife in August, 1960.

In ill health for the last five years, he suffered from cancer.

A native of Bendersville, where he resided until 1950, he was a son of the late Jacob and Caroline (Cline) Routsong and was a member of the Bethlehem Lutheran Church, Bendersville.

ELMER BARNES DIES; SCHOOL AND CLUBMAN

Elmer Clayton Barnes, 61, of St. Thomas R. 1, prominent businessman, Lions Club official and former school official, died at 11:15 Wednesday night at the Chambersburg Hospital where he was admitted on March 2. Death was due to a heart attack.

Barnes was president of E. C. Barnes and Son, Inc., St. Thomas, fuel oil dealers. A charter president of the Mt. Parnell Lions Club, Barnes served as a Lions Club zone chairman, deputy district governor and international life counselor of the club since 1952.

Barnes served as president of the Shippensburg Area Audio Visual Library from 1961-63 and was director and vice president of the Beacon Lodge for the Blind from 1950-61.

He served as a director of the St. Thomas School Board from 1954-63. He was president of the Franklin County School Board from 1954-63. He also served as regional director for District 5 of the Pennsylvania State School Directors Association. He was a member of the St. Thomas Methodist Church.

Funeral services will be held at 2 o'clock Saturday afternoon at the Sellers Funeral Home, Chambersburg, with the Rev. Norman E. Huff officiating. Burial will be made in the Cedar Hill Cemetery, Greencastle. The family will receive friends at the funeral home from 7 to 9 o'clock this evening.

Aspers Church Is Bequeathed \$4,000

The will of Harvey L. Stener, Bendersville, who died March 16 at the Warner Hospital at age 82, bequeaths \$4,000 to Christ Lutheran Church, Aspers.

As entered for probate at the office of the county register and recorder, the will also provides \$300 to the Upper Bermdian Cemetery and \$300 to the Warner Hospital. Lloyd W. Kuhn, Bendersville, is executor of the \$7,000 estate.

The will of Catherine G. Rinehart, late of Littlestown, who died March 9 at the Warner Hospital at age 88, divides the "in excess of \$20,000" estate among three children, Marie Sentz, Helen E. Rinehart and Robert Rinehart, all of Littlestown R. 1, who are the executors of the estate as entered for probate at the register and recorder's office.

Posts \$500 Bail For April Court

Edward Clapsaddle, 23, Hanover, charged by state police of the York detail with participating in a speed contest and involuntary manslaughter as the result of a crash early Sept. 15, 1963, along the road leading to the Sheppard and Myers dam, West Manheim Twp., has posted \$1,000 bail for the April session of York County court.

A hearing on the charges were conducted Wednesday afternoon before Justice of the Peace Dayne E. Garrett, Hanover, who sent the case into court.

The crash claimed the life of William A. Hess Jr., 21, New Oxford R. 1. Clapsaddle was listed as the driver of one of the vehicles involved in the crash, which also resulted in injuries to six occupants, including himself. The driver of the other vehicle was identified by state police as Frank Higgins, 19, Hanover.

Damage totaled \$3,315 when two cars collided Thursday afternoon at 4:15 at the intersection of the Centennial Rd. with the Bonneauville-New Oxford Rd.

State police said Edward R. McManus, 37, Spring Grove R. 1, was traveling east on the Centennial Rd. from the Lincoln Highway and failed to stop for the stop sign at the intersection. His car, according to the officers, collided with an auto being operated by Richard C. Grot, 37, Gettysburg R. 5, traveling on the New Oxford-Bonneauville Rd.

Following the impact, the cars smashed through a fence owned by James Sneringer, Gettysburg R. 4.

Damage was estimated at \$3,000 to McManus car; \$300 to the Grot vehicle and \$15 to the fence. Both drivers suffered body bruises, but neither sought immediate medical attention.

and returned before it was finally ended, held that General Webb's testimony most clearly proved that the 72nd had fought at the wall when the general, in answer to questions whether he had seen men of the 72nd on the ground at the wall "killed with their clothes scorched from the closeness of the fire of the enemy" replied, "I saw many of them myself with their clothes scorched and I have so mentioned it in my letter after the battle." The letter referred to by the general was one he wrote his wife three days after the battle here.

ESSAY CONTEST

President George Kaufman presided at the meeting at which details were given of progress of a contest to determine the best essay on a general who fought at Gettysburg being conducted by the Round Table. More than 100 essays were written last year by members of the history classes of Jacob M. Sheels at Gettysburg High School. The 28 best essays were turned over to a committee from the Round Table headed by Vice President F. Harmon Furney. Following Friday night's meeting the number was reduced to 10 finalists and a meeting will be held April 14 at Gettysburg High School to select the five best from the group. Excerpts from the winning essays will be read at the April 30 meeting of the Round Table and the prizes will be presented to the authors at the awards assembly to be held at Gettysburg High School this spring.

O. G. MacPherson named Sheels Mr. and Mrs. Paul Spangler, Mr. and Mrs. David Tawney, Harmon Furney and George Eberhart to his committee to identify pictures of veterans in the GAR home.

Pennsylvania

Gov. Scranton's unemployment compensation program is headed toward a possible final legislative test with Republicans still uncertain whether they have sufficient votes to pass it. Nevertheless, the GOP majority was predicting the controversial bills would pass by nightfall.

Pennsylvania Sports

Larry Miller of Catasauqua, one of the most sought-after high school athletes in Pennsylvania history, has been named to the 1964 Associated Press All-State Scholastic Basketball Team for the third straight year. Joining him on the first team were Dan Wetzel of Coudersport, Secaucus, N. J., of Plymouth-Whitemarsh, Ron Morris of Pottsville and Stuart Lantz of Uniontown.

"I feel they'll be the biggest obstacle we'll have faced in the last two years," coach Hank Stofko of Plymouth-Whitemarsh, defending state scholastic basketball champion, says of their opponent, Uniontown. The two meet for the state title at Harrisburg Saturday night.

BULLETINS

HARRISBURG (AP) — House Democrats today forced Republicans to back off from an immediate showdown on the unemployment compensation program in a maneuver designed to downstate that the GOP lacks the votes presently to pass the proposal.

After 15 minutes of parliamentary maneuver, Republicans defeated, 100-92, a Democratic call for an immediate vote on the bill. Then the House recessed for three hours of closed-door party discussions on procedure.

WASHINGTON (AP) — President Johnson signed today a defense authorization bill totaling nearly \$17 billion and took the occasion to pay tribute to retiring Rep. Carl Vinson, D-Ga.

Vinson, chairman of the House Armed Services Committee, has announced he will not seek reelection in November. Johnson, speaking of Vinson as "a gentleman of wisdom and dedication," said no man in history has done more for American preparedness.

DALLAS (AP) — A lawyer filed a motion today for a new trial for Jack Ruby, sentenced to death for slaying accused presidential assassin Lee Harvey Oswald.

The motion was filed with the clerk of Judge Joe B. Brown, who presided at the month-long trial which ended Saturday. Brown is not expected to take action until Monday or later.

ARMY GENERAL PASSES AWAY

General and Mrs. Arthur S. Nevins, Biglerville Rd., have returned from Bryn Mawr, where they attended the funeral of a long-time friend, Harry B. Vaughan Jr., a retired Army major general who once served as chief engineer for the Philadelphia District of Army Engineers, who died Monday at his home at the age of 76. General Vaughan was well-known in Gettysburg, having visited here on a number of occasions.

A native of Virginia, General Vaughan was engaged in private engineering practice following his graduation from Virginia Polytechnic Institute. At the outbreak of the first world war, he was commissioned a captain in the Corps of Engineers.

While serving as district engineer from 1940 to 1943, General Vaughan continued to direct the design and construction of major marine equipment as well as the maintenance and improvement of river and harbor projects in Philadelphia.

In the second world war he served overseas from 1943 to 1946. He was commanding officer, service troops, United Kingdom. At the end of the war, he was put in charge of the rehabilitation of the Port of Bremen, Germany. Upon returning to the U. S. in 1946, he retired temporarily.

He was recalled to active duty in 1950 to command the expedition which established the Army post of Thule, Greenland.

General Vaughan was a member of the Army-Navy Club in Washington, D. C.; the Merion Cricket Club and the Engineers Club. He was a Mason.

In addition to his widow, the former Marion Evans, he is survived by a daughter, Mrs. Evans V. Hayward; two sons, Major Harry B. Vaughan 3rd and David C.; a sister and a brother and 12 grandchildren.

Funeral services were held Wednesday at the Chapel of the Bryn Mawr Presbyterian Church, Bryn Mawr.

MISSILE TO EUROPE: The first battalion of Pershing bombardment missiles, which have a 400-mile range, will be sent to American forces in Europe next month, the Defense Department announced Thursday.

The Pershing, which can be fired rapidly, will replace the Redstone missile, one of the earliest battlefield missiles capable of carrying a nuclear warhead.

Lady Spring Has Returned To U.S. With New Hope

By RILMAN MORIN
NEW YORK (AP)—The lady "with soft mist in her hair," as the poet sang, officially returned to the United States today.

She arrived at 9:10 a.m. Eastern Standard Time. Spring is here, the season of splendors, the time of rebirth, the end of winter.

What did she see as she crossed the Atlantic Coast, spanned the Great Plains, swept across the Great Divide, and down the Sierras' slopes to the Pacific?

A nation at peace, but not beyond danger.

A prosperous nation, tingling with hope and energy, but with pockets of poverty.

A nation still carrying the weight of its tragedy, but carrying, as well, the pride of a people who quietly closed ranks after the moment of shock.

All over America, birds were bringing the message.

SWALLOWS RETURN
In California, the swallows returned to mission San Juan Capistrano Thursday, right on schedule — always on St. Joseph's Day.

In Spring Valley, Ill., Mayor Bill Savitch said, "We've had robins already. It's a good sign." The town (pop. 5,300) is trying to attract new industry.

In Nashville, Tenn., spring came to Mr. and Mrs. J. P. Evans when Baby Boy began singing. Baby Boy is a mockingbird that lives with them year-around. He doesn't sing in the winter.

Here and there, the flowers couldn't wait.

MAPLE SAP RUNNING
In Portland, Ore., camellias, daffodils, primroses and trillium have been blooming for a week.

In Seattle, Wash., for the "Spring Festival of Fun," 70,000 daffodils, riotously golden, decorated store fronts.

In northern New York, a farmer said, "The maple sap run looks fine these days."

In New York City, two nuns found a bud on the tulip tree in the garden beside the Church of

FLIERS: The Soviet Union apparently rebuffed another U.S. effort Thursday to gain freedom for three American airmen shot down over East Germany.

Secretary of State Dean Rusk called in Soviet Ambassador Anatoly F. Dobrynin to renew, as the State Department put it, "our insistence on the return of the fliers."

They parachuted after their RB66 jet reconnaissance plane was downed by the Russians March 10.

Dobrynin "was not responsive to our request," said State Department press officer Richard I. Phillips.

He said it could be a week or two later than Glenn's April 1 deadline for himself.

Dr. Brannon said "progress is slower than we anticipated" but Glenn "has not thrown in the towel and neither have we."

He said the Marine colonel improves daily, although still suffering from disfigurement when he is up for extended periods.

TRADING MODERATE
NEW YORK (AP)—The stock market today widened its decline, blue chips taking fairly sharp losses, as the list continued a corrective process of its prolonged climb to new peaks.

Trading was moderately active early this afternoon.

Key stocks fell from fractions to a point or more.

Steel, motors, oils, airlines, chemicals, utilities, drugs and electronics were among the losers.

BELLI DENIES BITTERNESS IN RUBY FIRING

SAN FRANCISCO (AP) — Attorney Melvin M. Belli, fired as Jack Ruby's counsel and denounced by the American Bar Association, says he is not bitter at anybody.

The fiery lawyer, fresh from Thursday night's flight to San Francisco from Mexico City via Tia Juana and San Diego, said he was "steamed up and raring to go" with a news conference scheduled for today.

WARNED FAMILY
Belli told newsmen during his stopover at San Diego, "We knew we couldn't win, that the jury would jam a verdict of guilty down our throats, and Ruby and his family were apprised of this through the trial."

Ruby received the death penalty Saturday in Dallas for murdering Lee Harvey Oswald, the accused assassin of President John F. Kennedy.

On Wednesday night, Ruby's sister, Eva Grant, sent a letter to Belli's San Francisco office saying his services were no longer wanted. She said the family was "dissatisfied with the defense" Belli offered.

The American Bar Association president, Walt C. Craig, told a meeting Wednesday of the San Francisco Bar Association that Belli had shown flagrant disregard for the code of professional ethics and Belli's oath as an attorney.

Destructive

BELOW FREEZING
Snow fell over most of Michigan and temperatures were below freezing.

Winds, cold weather and 2-4 inches of snow fell on parts of Illinois.

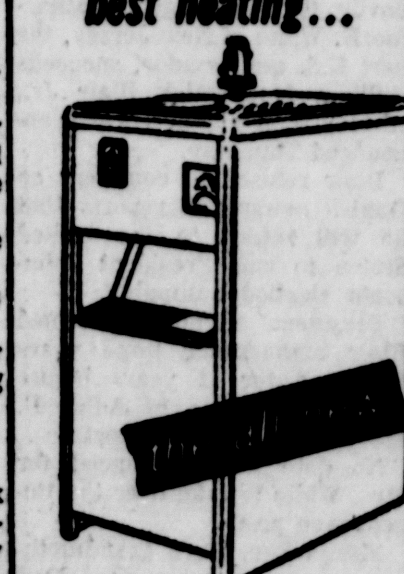

In Indiana, the swollen Ohio River continued to recede, but flood water still plagued communities the length of the state. Snow and rain spread over the state.

The Ohio was expected to recede back to the flood stage of 52 feet in Cincinnati today after a 66.2-foot crest last week.

Skies were sunny in New England and New York State.

Caledonia Manor is Nearing Completion: Work on reconstruction of Caledonia Manor is expected to be completed early in May, J. E. Shaffner, manager of the Caledonia hotel, said today.

The structure, built in 1946, was moved 50 feet last summer to permit construction of the new highway through the Caledonia area. The building was completely remodeled with additions made to the front and rear and the building was finished in stone and frame. A coffee shop dining room and banquet hall have been completed inside and a cocktail lounge is in the "proposed" stage.

With the expected completion of the new Lincoln highway west of here in two or three months, the manor will be open throughout the year, Shaffner added.

Bigler Senior Wins Prize In Legion Contest: Thomas E. Taylor, Biglerville high school senior, and Bruce Allen Wester-dahl, a senior at Gettysburg high school are the two top winners in the annual American Legion Essay contest.

Taylor, it was announced at a meeting of the committee in charge Monday evening, will receive the \$20 award to be made to the writer of the best essay submitted in the competition. His essay has been entered in the state Legion contest. The winner will receive a four-year scholarship.

A scholarship was given by the committee to the entrant in the county essay contest having the highest score in a college entrance examination given to the 11 students entered in the county essay contest. That award went to Wester-dahl, who also won fourth place, a \$5 prize, in the essay writing contest.

Dr. George S. Warthen, Dr. Francis C. Mason and Professor Joseph Wolfinger, of the English department of Gettysburg college, were the judges for the contest.

Second prize, \$15, in the essay contest went to Albert M. Stock, Littlestown, and third honors, \$10, went to Ella M. Rhodes, Gettysburg.

Boy Locks Self In Bank Closet: There was some excitement for a short time at the Gettysburg National bank about 10 o'clock this morning when a two-year-old son of a customer locked himself in a clothes closet.

John W. Hewitt, cashier at the bank, found the youngster when he was unable to open the closet door to get his hat before leaving the bank on an errand.

Mrs. Glenn Fetters was transacting business at one of the cages and her two-year-old son, "Buddy" had strayed from his mother's side, walked into the closet, closed the door and turned the key in the lock.

For a few moments there was excitement in the bank as employees tried to remove the door from its hinges and others suggested removing the frosted glass panel.

Mrs. Fetters then "took over." She spoke to her son:

"Buddy, if you want to get out to Mother you'll have to turn the key."

Buddy turned the key in the lock and walked out.

THAT YOU OF YOURS

Each of us is made up of a number of selves. We are even scattered entities, each one suggestive of the one entity of which we are. Not alone does our mind and body identify us, but the books we read, the friends, the house we own or rent, the sport we love, the hobbies we may have, the business we run and the ideas that we make known.

That you of yours is the world that you own, or that you may contact, even in the most out-of-the-way manner. There is something suggestive of this in the old saying: "Love me, love my dog."

A man's home may be very humble, indeed, nevertheless it is his castle. He may be plainly dressed, or shy in bearing, but these characteristics may have little or nothing to do with his brilliance of mind or his creative faculties.

That you of yours is a realm apart. Trespassing upon it in an unkindly or unhappy manner is to hit the very heart of you. You don't have to kick a man to hurt him. You may merely challenge his right to think as he does, blame him for something beyond his control, laugh at some interest which he holds dear, or wantonly tread upon a flower in his garden of love and beauty. Hurt his friend and you hurt him.

That you of yours is scattered all about you. Its silent influence radiates, so that afar off something of you lives in some form or other — a created word, a deed, or perhaps a mere thought! We all keep spreading, but that individual something that is forever inseparable from us, holds to us, even though its thread may reach across the world.

It's the difference between that you of yours and this me of mine that gives to you and me what significance we have. And it is this difference that makes every human being unique in himself. This fact alone should encourage us all to make the most of all that we are and have.

Just Folks

PERVERSE HUMAN NATURE
Man is an animal perverse
When work is plenty, work's a curse

And refused to tell at break of day
In bed he thinks it's sweet to stay,
But when by fate compelled to shirk
He grieves because he cannot work.

Man bound by duties swears that he

Much rather would an idler be,
He thinks it cruel and unjust,
While others play that work he must,
But take his tasks from him away,
He finds no pleasure in his play.

The whistle blows. With curses deep

Man envies those who longer sleep,
But let the factory shut its door
And call the man from bed no more.

How many days shall come and go,
He'll wish to hear that whistle blow!

So strange is life, so strange is man,

He yearns to rest who seldom can.
He frets at toil when he is tasked,
But given the long vacation asked,
He yearns to be at work again.

SHERMAN HAS BUSY WEEK AHEAD ON TV

By CYNTHIA LOWRY

AP Television-Radio Writer
NEW YORK (AP) — Allan Sherman, a round-faced funnyman with an earnest air, has a busy week of television ahead. He will be a guest star on Tuesday night's CBS "Garry Moore Show," and three nights later, a guest star on NBC's "That Was the Week That Was."

That is an extraordinarily heavy schedule for a free-lance performer — and a climax of sorts in the career of a fellow who has been a professional performer less than 15 months.

Sherman, until 1951 was well known inside television as a comedy writer. Then he struck a mother lode as co-creator of "I've Got a Secret," and became its producer.

GOT AN IDEA
"My partner, Howard Merrill, and I were out of work," he recalled.

"We were sitting around over a cup of coffee thinking it would be nice if we could think up a panel show along the lines—but different—of 'What's My Line?' We got the idea, walked across the street to Goodson and Todman's office and sold it for \$1. Part of the deal, though, was that one of us would produce the show."

"Secret" went on the air the next year.
"I happened to be the producer," Sherman said, "because meanwhile Merrill had found a job and I was still unemployed."

Sherman through the years had been a compulsive amateur entertainer. Harpo Marx heard his satirical topical songs at a Hollywood soiree and suggested to a record company that they make a Sherman album. Result was "My Son, the Folk Singer," which broke sales records and transformed Sherman into a practicing and very successful comedian.

WOMAN NAMED AMBASSADOR

COPENHAGEN, Denmark (AP)—U.S. diplomacy in Denmark is going to have a feminine touch again.

For the third time, the United States has named a woman as envoy to Copenhagen. Katharine E. White of New Jersey, the new U.S. ambassador, succeeds William McCormick Blair Jr., whose resignation was announced Thursday.

Blair refused to comment on Danish newspaper reports that he will return to the United States to run President Johnson's election campaign.

President Kennedy named Blair ambassador three years ago, and for 11 years before that he was one of Adlai E. Stevenson's closest associates.

No date was announced for Mrs. White to take over the Copenhagen post.

Mrs. White, 58, a grandmother and former mayor of Red Bank, N.J., is among the first of 50 women Johnson hopes to name to top posts.

Mrs. White and her husband, Arthur J. White, a New York broker, are on vacation in Spain. They are due home March 24.

Honest Man Returns Wind-Blown Check

BOSTON (AP)—Festus Johnson was at work on the 26th floor of a building under construction when the foreman delivered his paycheck. A gust of wind tore the check from Johnson's hand and blew it out a window.

Johnson thought it landed several blocks away and went looking for it, without success.

A half hour later a gas station attendant showed up at the building — with the check. It landed right after Johnson gave up the search, he said.

Secretary Rusk Scores "Quitters"

SALT LAKE CITY, Utah (AP)—Secretary of State Dean Rusk said Thursday night that if the country's "quitters" had their way, the U.S. would be playing into the hands of its adversaries.

"There are those," Rusk said, "who would quit the struggle by letting down our defenses, by gutting our foreign aid programs, by leaving the United Nations."

"They would abandon the field to our adversaries, which is what our adversaries want." In a speech opening a three-day meeting of the Western Political Science Association, Rusk said the State Department is working to build a decent world order "bit by bit."

WILT IS TOP NBA SCORER FOR 5TH YEAR

NEW YORK (AP) — Wilt Chamberlain, the Big Dipper of the San Francisco Warriors, won the individual scoring championship of the National Basketball Association for the fifth straight year, but with his lowest average ever—36.9 points per game.

Official statistics released today for the 80-game regular season that ended Wednesday night show the 7-foot-1 former Kansas All-American scored 2,948 points on 1,204 field goals and 540 free throws for his 36.9 average.

These figures compare with his 44.8 average on 3,586 points last season and the all-time NBA record of 50.4 on 4,029 points that he set in 1962. He played in 80 games both of these seasons.

BIG O SECOND

Oscar Robertson, the Big O of the Cincinnati Royals, finished second to Chamberlain in the scoring race with 2,480 points for an average of 31.4 in 79 games. Veteran Bob Pettit of the St. Louis Hawks was third with 2,744 followed by Walt Bellamy of the Baltimore Bullets at 2,700 and Jerry West of the Los Angeles Lakers at 2,677.

West's average is higher than Pettit's and Bellamy's since he played in only 72 games. He is placed fifth, however, since his 2,064 points are less than Pettit's 2,190 and Bellamy's 2,159. The latter two played the full 80 games.

The Lenten Story

I THIRST

In His death agony on the cross, Jesus cried out several times. When He said, "I thirst," a soldier standing nearby put a sponge on the end of a spear and plunged it into a vessel of vinegar. To the vinegar he added some gall. Whether this was done to soothe the wounds of Jesus or to mock Him further, we do not know.

But John tells us that after the vinegar reached His mouth, "He said, 'It is finished,' and He bowed His head, and gave up the ghost." (John XIX:30)

3 BIG RACES ON SATURDAY

Reginald N. Webster's one-two punch of National and Traffic make their 1964 stakes debut Saturday in a race that could well tell whether they'll be a serious factor when the nation's top 3-year-olds run in the Kentucky Derby May 2.

National and Traffic head a probable field of seven in the \$75,000-added Governor's Gold Cup at Bowie.

The Gold Cup is one of three major races on Saturday's program. The others are the \$100,000-added Gulfstream Park Handicap featuring Gun Bow, Admiral Vic and Sunrise Flight, and the \$25,000-added Paumonok Handicap for sprinters at Aqueduct.

Both National and Traffic started the year with victories last week at the Maryland track. National, sidelined last year before he got a chance at the top ones, won a six-furlong race by six lengths in 1:12 1-5. Traffic, winner of last year's Hopeful at Saratoga and out of the money only five times in 16 starts, scored by 1 1/4 lengths in a 1:12-3-5 clocking for the same distance.

Little League Will Open Season Monday, June 1; Personnel Changes Made

The dates for the opening of the 1964 season, introduction of new board members and the election of a team manager and his staff highlighted the first meeting of the season for the Gettysburg Little League. President Dick Smith presided at the session attended by 25 board members at the Elks home Thursday evening.

The league voted to dispense with the usual Saturday double-header opening the season. The Gettysburg league will inaugurate play on Monday, June 1, at 6:15 preceded by a brief ceremony. The annual tryouts for all Little League candidates will start on Friday, May 1. The schedule and registration forms will be sent to all schools at a later date. The auction of players will be held on the last night of the tryouts. All teams may begin their pre-season training no earlier than May 16.

The board accepted with regret the resignations of M. Hardy Nichols, Jay Brown and Manager Art Phil. Nichols is a past president of the league and both he and Brown have served many years on various committees. Phil is stepping down as manager after guiding his Lions to the championship last season. He will remain on the board of directors. Ed Markley, E. Broadway, was named as the new manager of the Lions team. He will be assisted by Howard Hartzell and Bill Forester.

MANAGERS ADDED
Barry Sixeas and Dr. Bernie Kartz were named as new assistant managers of the Glenn L. Bream and Moose teams, respectively. Clyde Williams and Frank Ruth were introduced as new members of the board.

Treasurer Jim Rowe, who also handled the county playoff finances last summer, reported that each team in the county playoffs received \$18.72 and that checks had been mailed to all teams. Rowe also stated that sponsors' fees for the new year are due and that notices will be sent to the six participating sponsors.

G. Noel Flynn, of the equipment committee, reported that all uniforms and playing equipment had been taken care of and stored away for the winter. It was also the committee's duty to check all uniforms and equipment during the winter and order any new items. This has also been handled, the report stated. President Smith reported that the fence was stored at the recreation field and as soon as there is a break in the weather all members will be asked to help paint and repair it for the coming season.

The next meeting of the league will be held Thursday, April 2, at 8 p.m. at the Elks home. During the session the new officers for 1964 will be elected.

RODRIGUEZ IS FAVORITE

NEW YORK (AP) — Welterweight contender Luis Rodriguez is a 3-1 favorite to beat Holley Mims in their television 10-rounder tonight because he eats middleweights alive while Mims rarely gets the breaks in close fights.

In addition, the 26-year-old Cuban from Miami has youth and speed on his side in the Madison Square Garden bout against the 35-year-old veteran from Washington, D. C.

Rodriguez has a 7-0 record against middleweights and an over-all record of 54-3, including 22 knockouts. The clever Cuban took the fight with Mims on short notice when Joey Archer was forced to withdraw because of a cut over his left eye. "I am in good shape," said Rodriguez today. "I am getting ready for my title fight with Emile Griffith so I will get paid

Clay Not Fit To Serve U.S.
WASHINGTON (AP) — The Army said today heavyweight champion Cassius Clay failed his second preinduction examination and is "not qualified for induction into the Army under applicable standards."

The Army made no mention of which examination Clay failed, although it is presumed it was his mental aptitude test. Rumors have been heard for several days that he failed the mathematics portion of the test.

SECOND TEST
The Army said only: "Tests given Clay included measurement of aptitudes for various skills needed in military service."

Clay was given a second test after it was determined that the results of his first preinduction examination were inconclusive, the Army said.

"Interviews conducted by experts in the field of testing and analysis of results of the two tests indicate that Clay put forth his best efforts on both occasions," the Army added.

Clay won the heavyweight championship earlier this year from Sonny Liston.

PIAA CHAMP TO BE PICKED ON SATURDAY

By GEORGE ESPER
Associated Press Writer

PLYMOUTH MEETING, Pa. (AP)—"I feel they'll be the biggest obstacle we'll have faced in the last two years."

That's the way coach Hank Stofko of Plymouth-Whitmarsh High School, the defending state basketball champion, sizes up Uniontown.

The two teams meet at Harrisburg Saturday night for the state title.

"They are considered to be the most outstanding team that has come out of the west in some time," added Stofko.

Uniontown, which has won 27 games this year without a loss, was the state champion in 1962. Plymouth-Whitmarsh has a 24-1 record.

NOT LIKE OTHERS

Stofko said he did not scout Uniontown personally, but would have to rely on information from other coaches. "Apparently they're quite unlike the last two teams we played, Nanticoke and Catasauqua," said Stofko. "Nanticoke's Joe Grzymalski scored 55 points in the game before we played them, and Catasauqua's Larry Miller had 46 before we played them."

"We used a special defense (on Grzymalski and Miller). Uniontown apparently has a well balanced team in which I don't think you can stop on any one person. You have to play all of them. You have to stop all of them."

"A GOOD CHANCE"

Asked if his team could handle Uniontown's so-called panic press, Stofko replied: "I can only say we better. We better handle it or we're going to be in trouble. They come all over the court for you. We've been very successful against presses in the past. A lot of people have tried it on us. "If we get the solid team effort we got against Catasauqua, we stand a very good chance."

Plymouth-Whitmarsh defeated Catasauqua 75-57 to win the eastern championship, holding Miller to 26 points, well under his 35 point per game average.

Stofko said he would start John Hanley, a 6-2 senior; Ken Mattis, a 6-2 junior; Ed Szczesny, 6-4 senior; John Peragine, 6-foot senior; and Rich Peterson, 5-10 junior.

Szczesny and Peragine, the only two back from last year's state champions, are the standouts of this year's team. Szczesny, named to the first team all-state squad this year, is the leading scorer, averaging about 23 points a game. Peragine, a second-team all-state selection, is the second leading scorer with a 16 point average.

Bucknell Leading Swimming Tourney

GROVE CITY, Pa. (AP)—Bucknell University is leading the NCAA College Division Swimming Championships following the first round of competition.

At the opening of the three-day meet Thursday night, Bucknell collected 24 points, 14 of them by winning the 400-yard medley relay in 348.3.

Runners-up to Bucknell in the team standings are East Carolina with 22 points and LaSalle and Wesleyan University of Middletown, Conn., with 13 points apiece.

Forty schools are competing in the meet, first in NCAA history for small colleges.

4 Big Teams Clash In NCAA Semifinals Tonight

By BOB GREEN
Associated Press Sports Writer

KANSAS CITY (AP)—Cazzie Russell has a tender ankle. Duke had a minor plane mishap, UCLA is fighting the doldrums and Kansas State is a longshot. All of which, the various coaches say, means practically nothing.

The four coaches with teams in tonight's NCAA basketball championship semifinals outlined their troubles after brief workouts Thursday, then confidently repeated their vows of optimism.

Each of the quartet — John Wooden of UCLA, Dave Strack of Michigan, Vic Bubas of Duke and Tex Winter of Kansas State — said he felt his team had a legitimate shot at the championship none of them has ever won before.

DUKE VS. MICHIGAN

The line-up has Atlantic Coast Conference champion Duke, 25-4, playing Big Ten co-champion Michigan, 22-4, in the opener. Top-ranked UCLA, 28-0, takes on Big Eight champion Kansas State, 22-3, in the second game. The winners meet Saturday for the title.

UCLA finished the regular season with the ranking of the nation's No. 1 college basketball team. Michigan was second and Duke third. Kansas State, which had to upset Wichita in the Midwest regionals to gain the semifinals, was unranked.

"Since we're playing in our area, it figures that we're going to have a lot of Kansas State supporters on hand," Winter observed. "And there may be an advantage in playing here. We play here three times each year and our boys like to play in Kansas City. Maybe those are advantages. If they are, we'll take 'em. We need all the help we can get."

RUNNING ATTACK

Kansas State, beaten 78-75 by semifinal opponent UCLA in the regular season, has won 13 straight. It features a zone defense, built around 7-foot Roger Suttner, and the scoring and rebounding of Willie Murrell.

Wooden discounted any pressures that may have been built up in an undefeated season and the No. 1 ranking, but admitted "we were fortunate to get through the regionals. There was a letdown after finishing the regular season. I don't think it will happen here, but it's possible."

HEAVY TRACK AT AINTREE FOR BIG RACE

By JOHN FARROW
Associated Press Sports Writer

AINTREE, England (AP)—It could be a race for a long shot in the Grand National Steeplechase on Saturday just like it was in 1928.

That was the year Tipperary Tim plodded his way around a mud-soaked turf course and won at odds of 100-1. He was the only one to finish.

Rain has soaked the four miles, 856 yards track this year and today the going suddenly turned soft.

If the rain keeps up then the battle charge of 35 expected runners could turn into a mud bath.

Anything could happen. A horse you've never heard of could stay on its feet and win.

WEATHER BIG FACTOR

That's the magic of the National. The horses have got to negotiate 30 tough obstacles. That's enough for any jumper at the best of times. If it's a muddy course, a horse can lose his footing, go down and bring another one down with him—and the one brought down might be the favorite.

Thursday 14 horses set out in the Topham Trophy over a course of two miles and six furlongs. Only six finished.

If the rain keeps up then it could be a similar story on Saturday in the National.

The British bookies have made Time the 10-1 favorite with Beau Normand and Kilmore second choices at 14-1.

Flying Wild, owned by Raymond Guest of New York, is bracketed with Springfield and Border Flight at 16-1.

Guest is trying to become the first American to win both the classic English Derby and the National. He won the Derby with Larkspur in 1962.

turing the backcourt pair of Walt Hazard and Gail Goodrich and a disturbing zone press. They're the shortest team in the tourney, with no starter over 6-foot-5.

DUKE SHAKEN

Duke was shaken up a bit when its charter plane skidded off a rain-slick runway just after landing at the Kansas City Airport. There were no injuries and less than an hour later the team was taking part in a closed workout at Municipal Auditorium.

"There's no reason it should have any effect," Bubas said. "No one was hurt. We just skidded off the runway."

INJURED ANKLE

The ACC champs, like UCLA, offer a fast-break offense and have good rebounding in a couple of 6-foot-10 operatives, Jay Buckley and Hack Tison. Backcourt ace Jeff Mullins is the team quarterback and top scorer with a 24.4 average.

Russell, Michigan's sophomore backcourt sensation, still is nursing his right ankle, injured in Big Ten play, Strack said.

"He limps on it until he's caught up in the game," Strack said. "It's a handicap, but he will be able to go at near full capacity. Let's say he'll start."

Physically, Michigan is the strongest team in the tourney, has excellent rebounding from two husky 6-foot-7 front line men, Bill Buntin and Oliver Darden.

INDIANS MAY NOT BE REAL CONTENDERS

By CHARLES MAHER
Associated Press Sports Writer

TUCSON, Ariz. (AP)—The Cleveland Indians may have improved in several respects this year, but the improvement hardly seems substantial enough to establish them as serious contenders for the American League championship.

For one thing, they may not be able to use their best offensive line-up without sacrificing defense.

For another, they may have too many left-handed hitters. This, of course, they could try to fix with a trade.

CITES IMPROVEMENTS

Manager Birdie Tebbetts says he believes the club will be stronger because:

1. Third baseman Max Alvis and outfielder Vic Davallillo have a year of major league experience.

2. Outfielder Leon Wagner, acquired from the Los Angeles Angels in December, should give the team considerably more power.

3. The club will be faster. Two of its swiftest men, Davallillo and shortstop Dick Howser, played only 154 games between them last season because of injuries. Davallillo suffered a fracture in his hand and Howser pulled a leg muscle.

PITCHING ABOUT SAME

The pitching lacks depth, but Tebbetts figures it will be as good as last year.

The Indians will probably start the season with Joe Azcue or John Romano catching, Fred Whitfield at first base, Woody Held or Larry Bacon at second, Howser at shortstop, Alvis at third, Wagner in left field and Davallillo in center.

That leaves right field. The Indians have more candidates for this position than the Republicans have for the presidential nomination. Among them: Al Luplow, Bob Chance, Tito Francona, Al Smith, Wally post and Chico Salmon. And, if Held doesn't make it somewhere in the infield, he'll also be a possibility.

DEFENSIVE PROBLEM

The regular starting pitchers will likely be Jim Grant, Jack Kralick, Pete Ramos and Dick Donovan. Gary Bell and Ted Abernathy will be in relief.

Jerry Walker will go both ways. The outfield is the place the Indians seem most likely to develop a defensive problem. Davallillo is a fine outfielder but Wagner, while a formidable hitter, is not. Nor are some of those bidding for the right field job.

If this position is won by Chance, Francona or Luplow, the Indians will have nothing but left-handed hitters in their outfield. And Whitfield, the probable starter at first base, also bats left.

This suggests that, unless they pull a deal, the Indians may have more than ordinary difficulty with left-handed pitching.

ADVERTISE IN THE TIMES

WALTER BOND HAPPY TO GO TO HOUSTON

By JOE REICHLER
COCOA, Fla. (AP)—As Walter Bond tells it, the Houston Colts liberated him from an enemy camp when they purchased his contract from the Cleveland Indians last winter.

Eyes flashing in anger, lips dripping with words of bitterness, Bond recounted what he called his seven years of captivity as an Indian farmhand.

"They never gave me a chance," he related, at a break-fast conversation. "They just kept me in the minors. I hit 300 every year but they kept sending me back. Other guys hit .270 and .280 and were brought up but me, I just sat in the minors. They figured a big guy like me should hit 40 to 50 homers to deserve a shot in the majors."

The record book shows that Bond topped the 300 mark only three times and that the Indians did bring him up as many times. But when a man is 6-foot-6, weighs 240 pounds and is angry, to boot, you just listen.

"They brought me up to Cleveland for 12 games in September of 1962," Bond recalled. "I hit .380 with six homers and 17 runs batted in. Everybody's happy. The manager tells me 'I'm your right fielder for 1963. They keep telling me that all winter."

"Comes spring training, they got another guy in right field. 'We just want to give everybody a chance,' they tell me. A week before opening day, they buy another guy and put him in right field. 'Don't worry,' they tell me, 'you're still the right fielder. We just want to see what this fellow has.'"

25 HOMERS

"Three weeks later I'm in Jacksonville. Never even got to bat once. Other clubs wanted to buy me but they refused. They want me to play for them in the minors."

Bond batted .276 at Jacksonville but hammered 25 homers. He hit .352 in Puerto Rico and led the winter league with 12 homers. These totals looked good to Houston General Manager Paul Richards and the Colts purchased the 26-year-old Tennessean conditionally.

SATIR LEADS FROSH CAGERS

A 17.3 point per game average by Steve Satir, Tenafly, N. J., paced the Gettysburg College freshman basketball team to a 13-7 record during the 1963-64 campaign.

Satir turned in a fine performance for John Carpenter's yearlings as he poured through 120 of 285 field shots for 49 per cent and 70 of 98 free throws for a 71 per cent and totaled 346 points. Ray Faczan, Johnstown, who missed the last four games of the season, managed to emerge as the top rebounder with 195 for a 12.2 average. The 6'4" Faczan proved to be a tremendous asset not only on the boards but also in the scoring department. Faczan landed 49 per cent of his goals and registered 242 tallies for a 15.1 average.

Dick Stewart, Berlin, N. J., and Bruce Wilson, Ridley Park, N. J., also played an important part in the yearling's success. Stewart finished second in scoring with a 12.5 average and Wilson rolled along at a 9.5 per game clip. Rick Miller, Hagerstown, Md., was the team's leading foul shot, landing 24 of 31 for 77 per cent.

After getting off to a slow start, Gettysburg managed to hit for 41 per cent of its field goals and salvaged 62 per cent of its free throws. The Little Bullets averaged 69.1 points per game while the opponents came in with a 63.4 average.

Named Coach At Dickinson College

CARLISLE — Appointment of Edward J. Ashnauk, Wilton, Conn., as instructor in physical education and head basketball and baseball coach at Dickinson College, effective July 1, was announced today by Dr. Howard L. Rubendall, president of the college.

Ashnauk, 30, is a native of North Conway, N. H., and is one of New England's most successful high school basketball coaches. He has been at Wilton (Conn.) High School as teacher, basketball coach and assistant football coach since graduating with honors from Plymouth State College, Plymouth, N. H., in 1960.

As basketball coach at Dickinson he will succeed Joseph DuCharme, the coach for the past nine years. DuCharme, assistant professor of physical education, will continue to coach track and cross-country. David B. Eavenson is the present baseball coach at the college. He is also the director of athletics, chairman of the department of physical education and swimming coach, titles which he will retain.

Miller Picked To State Scholastic Cage Squad For Third Straight Year

By DAVE LEHERR
Associated Press Writer

HARRISBURG (AP) — Larry Miller of Catasauqua, one of the most sought-after high school athletes in Pennsylvania history was named to the 1964 Associated Press All-State Scholastic Basketball Team today for the third consecutive year.

The 6-4 sensation who took over second place this year in the all-time schoolboy scoring derby in Pennsylvania, was a near unanimous choice among the 100 sportswriters, sportscasters and coaches taking part in the balloting.

Joining Miller on the dream team are 6-8 Dan Wetzel of Coudersport, 6-4 Ed Szczesny of Plymouth-Whitmarsh, 6-0 Ron Morris of Pottsville and 6-2 Stuart Lantz of Uniontown.

SECOND TEAM

Joe "The Shot" Grzymalski of Nanticoke just missed first team honors by a hair, but headlines a star-studded second team. His mates are John Pergine of Plymouth-Whitmarsh, Dennis Stewart of Steelton-Highspire, Jeff Perron of Sharon and Gary Lappek of Franklin.

Third team honors went to Mike Katos of Lebanon, Hal Booker of Darby-Cotwyn, Sim Hill of Midland, Bob Thomas of Erie Academy and Leon Mickens of Albion Galloway.

Miller, landed a berth on the 1963 second team as a sophomore and led all vote-getters as a junior, received a record number of first place votes this year.

Some 120 colleges including all the major basketball powers are wooing him.

Bob Walters, head coach at LaSalle, compares Larry to All-American Tom Gola.

"One of the very finest players this state has ever produced," commented Temple coach Harry Litwack.

Miller rang down the curtain on his four year career Wednesday night with 26 points to bring his season total to 911. In four years he has fired in 2,722 points, second only to Ron Krick of West Reading who scored

"No Arms Race Has Ever Led To Peace" Says Prize-Winning Essayist

Miss Jacqueline R. Elder Wins First Place In Annual American Legion Contest

The following is the complete text of the prize-winning essay in the American Legion essay contest. It was written by Miss Jacqueline R. Elder, daughter of Col. and Mrs. Edwin W. Elder Jr., 22 Rita Marie Ave., Littlestown. She is a junior in the Littlestown High School. She has been awarded the \$25 first prize. Miss Dorothy Crabbs, English teacher in the Littlestown High School, assisted the Littlestown contestants in preparing their essays.

Miss Elder's essay, "The Relation of Atomic Testing to Our National Security" follows:

"And where is the Prince who can afford so to cover his country with troops for its defense, as that 10,000 men descending from the clouds, might not in many places do an infinite deal of mischief before a force could be brought together to repel them?" Benjamin Franklin's prophetic statement of 180 years ago reminds us that no national defense, however perfectly developed, is ever completely infallible. During the world's 14,542 years since 3600 B.C. there has been a continual evolution in the development of destructive weapons. Since the first atomic explosion on July 16, 1945, for the first time in its history our nation is now vulnerable to attack, and we face the prospect of a nuclear war that could bring destruction beyond our comprehension and perhaps total annihilation to the world.

Arms Race Futile

Remembering that no arms race has ever led to peace, let us examine the relationship of atomic testing to the various factors of our nation's security and consider what the situation is at the present time.

On January 30 of last year the Atomic Energy Commission reported that "nuclear explosions have totalled nearly 500 since the start of the atomic age, with the United States credited with more than 302, and the Soviet Union more than 145." Secretary of Defense Robert S. McNamara testified in August, 1963, that United States possesses tens of thousands of nuclear warheads and reiterated his confidence in our nuclear potential.

Today's American fighting force has nuclear weapons which the World War II soldier wouldn't have dreamed possible. In the field of ground fighting, the power of tactical weapons — the battle group Davy Crockett, for example — makes the accomplishments of the World War II combat teams seem very small indeed. Today's smaller missiles such as Entae and SS11 would have been a most welcome weapon to the infantryman of 1943-45 confronting the lumbering Panther and Tiger tanks. Larger missiles, with a variety of nuclear warheads, capable of reaching 400 miles — such as the Pershing — were only an artilleryman's fanciful wish in World War II.

Sixty H-Bombs

In the field of large weapons, in Great Britain alone we have over 60 H-bombs in place atop Thor IRBM's capable of reaching Moscow and beyond. Seventy-five per cent of all Russian cities with a population of 100,000 or more are within the range of the Thors. Nine Polaris submarines, each carrying 30 megatons of destruction, roam the depths from the North Pole to the Persian Gulf. Nearly 30 NATO divisions, which are or quickly can be equipped with tactical atomic weapons, form an explosive shield that reaches from Norway to Turkey. Our country is believed to have more than 100 intercontinental missiles in place, all of which carry highly destructive thermonuclear warheads. The United States Sixth Fleet

mounts atomic bombs, and many Air Force planes are designated as carriers of deadly H-bombs. These figures represent only a part of what we have accomplished through testing.

United States no longer has a world monopoly in nuclear power, but who can deny that our tremendous atomic stockpiles, the result of numerous tests, have a close relationship to our national security, but do they give us complete security? Is the answer to national security to be found only in the continued testing and developing of similar or even more destructive nuclear weapons? In the world of today — where exist nuclear weapons capable of wiping out more than 300 million people in less than 60 minutes — how will the United States achieve genuine national security?

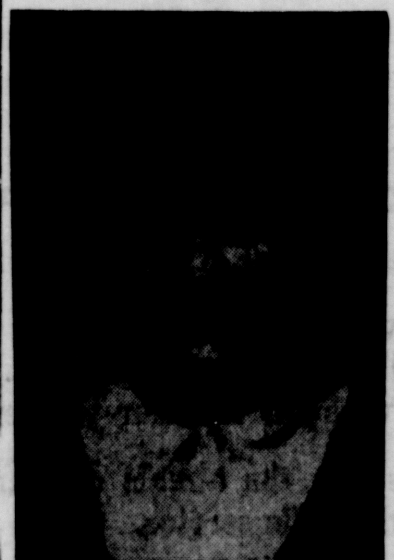

Absence Of Danger

I feel that true security for any nation involves more than just national safety. Safety implies an unqualified absence of danger, which doesn't seem plausible when you consider the requirements of living in our uncertain world of today. History provides many examples of the vain search of nations for unqualified safety; for example, the Great Wall of China and the Maginot Line of France.

Of course, atomic testing is a stand-out among the factors of our national security today. However, a true national security depends on more than mere superiority in military preparedness. True security for any nation will be gained only through a coordinated strategy which includes all phases of the country's strength — not only military, but also economic, political, and ideological. As Secretary McNamara warned on November 18, 1963, "We cannot delude ourselves into believing that our nuclear strength, great as it is, solves all the problems of our national security."

No Effective Defense

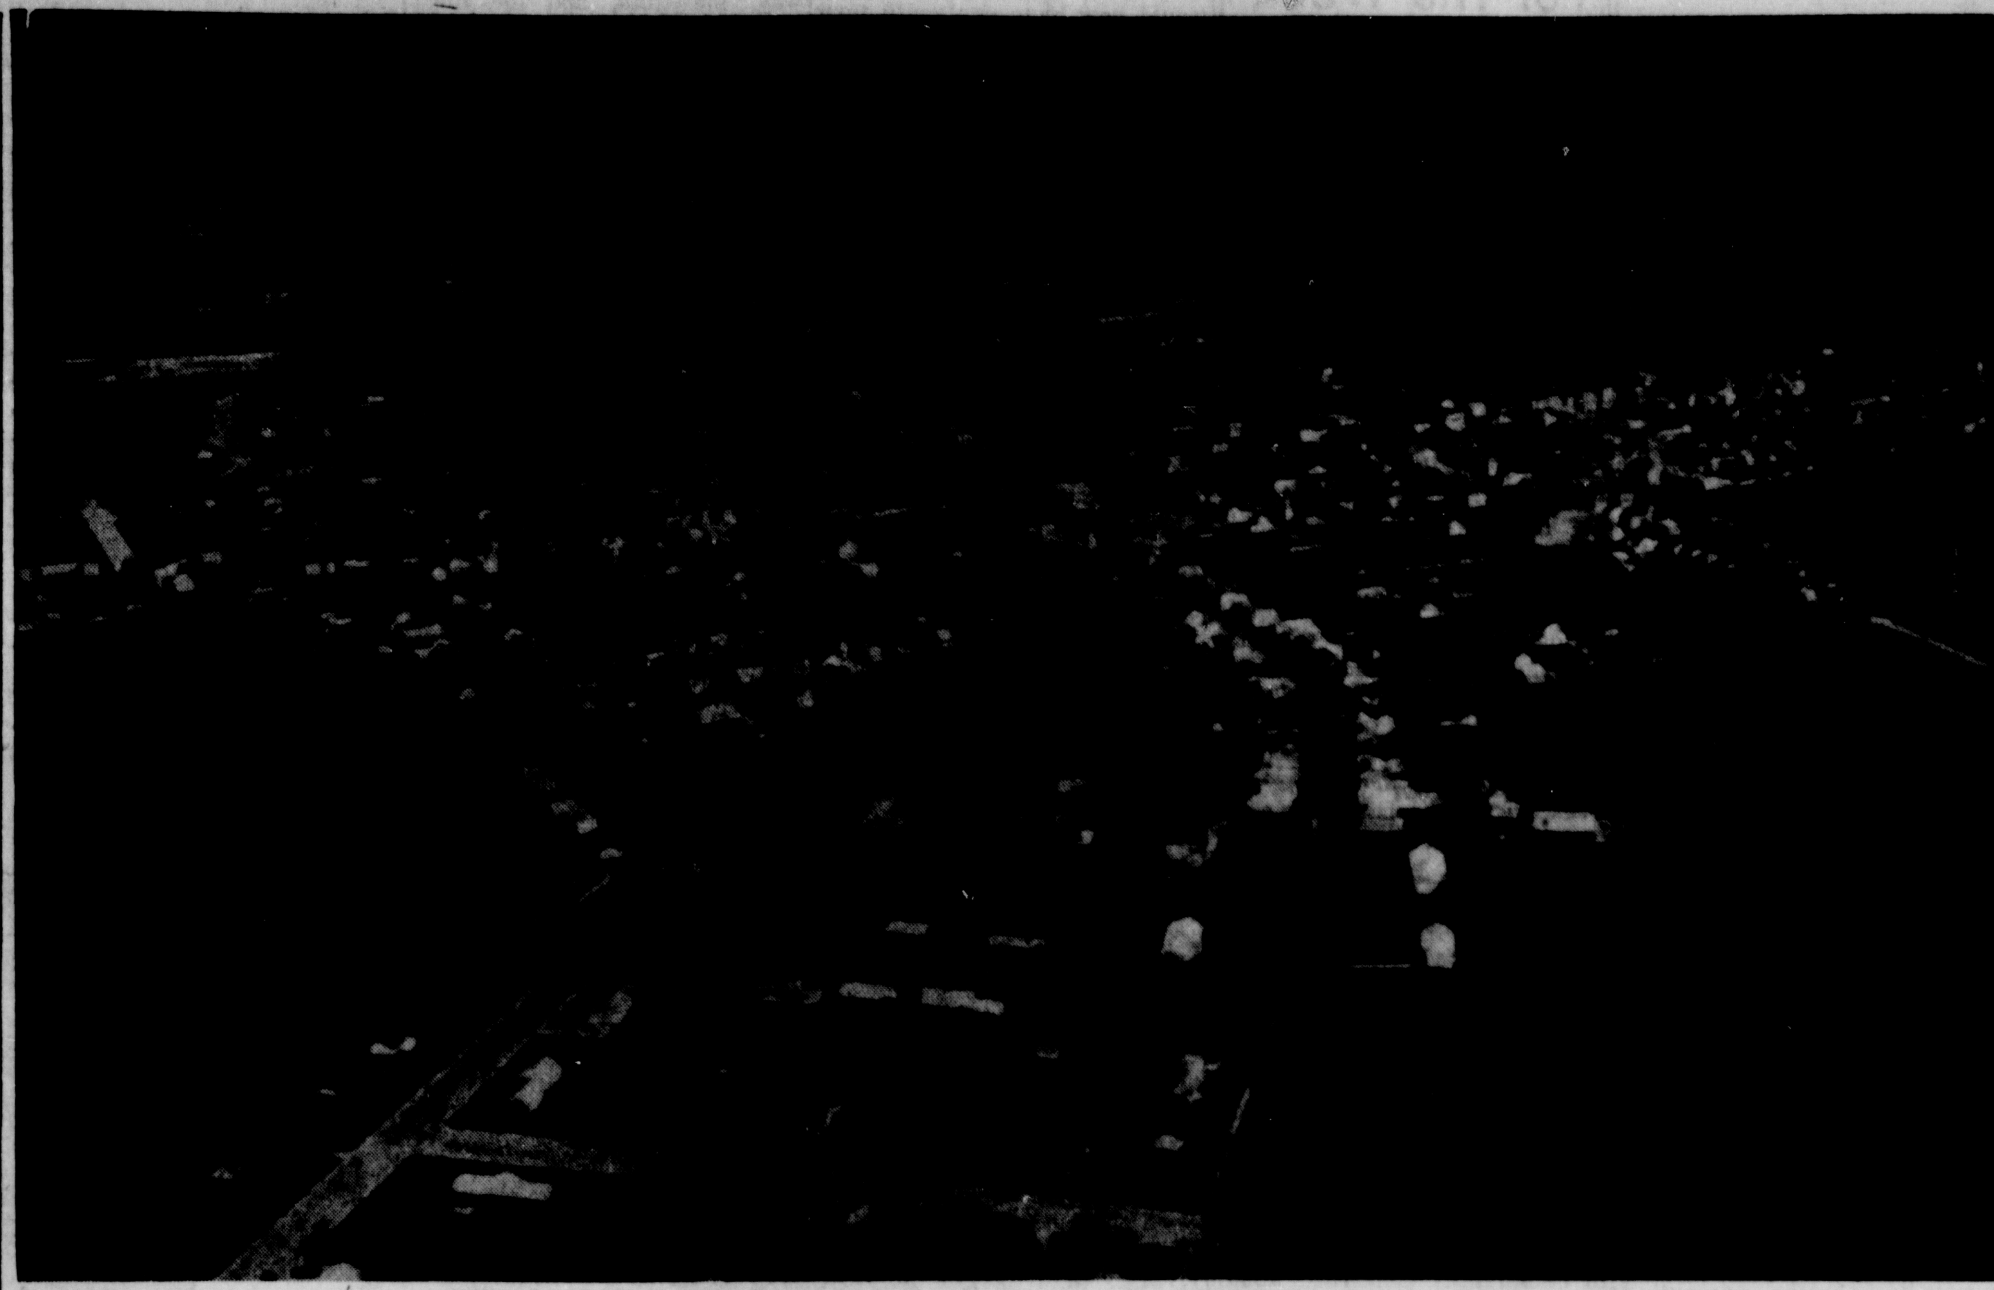

As regards the military phase of our country's security, apparently the greatest aspect of danger at the present time

MISS ELDER

is in the field of antimissile defenses. On October 31, 1963, Mr. M. C. Foster, director, United States Arms Control and Disarmament Agency, in an address on arms control, said, "But still the basic difficulty remains. At present there is no effective defense against nuclear weapons." Therefore, we must conclude that, although we presently possess effective offensive nuclear weapons, further technological research and testing are necessary to make us more secure in the defensive field.

In estimating the value of atomic testing in relation to the economic phase of our nation's security, we must consider the future cost of any type of nuclear testing. No nation can hope to gain total security by spending itself into bankruptcy. Former President Dwight D. Eisenhower warned in a recent article that, although the nuclear deterrent is the most valuable single element of our defense, there is really no way whereby a country can satisfy

Defense Budget

In announcing the \$50.7 billion defense budget for fiscal year 1965, our present Pentagon planners noted that the nuclear weapons part of defense spending may drop from more than \$7 billion this fiscal year to about \$2 billion in five years. So, presently we seem headed in the right direction in regard to keeping nuclear testing and development costs from being a financial burden which would seriously endanger the economic phase of our nation's security.

The political impact of the question of atomic testing has been tremendous. The issue of the signing of a nuclear test ban treaty has virtually been turned into a "political football."

Controversy rages, with experts such as Defense Secretary McNamara and the Joint Chiefs of Staff favoring the treaty, and Dr. Edwin Teller, "father of the H-bomb," and Lewis L. Strauss, former chairman of the Atomic Energy Commission, urging the continuation of all types of nuclear testing.

No Simple Answer

Without doubt two of our failures politically have been the reluctance of our leaders to back up our country's policies with firm determination to use our nuclear power, and their allowing the Russians to constantly outmaneuver us in any discussions concerning the banning of nuclear weapons.

Therefore, in retrospect, what shall be the essence of America's plan for long-range security? There is no simple answer. We should have no illusions.

Their breaking of the voluntary test ban in 1961 and their continued threats and belligerence prove the Russians are acting very much at odds with their claims of "peaceful coexistence." Consequently, one thing is certain — we should not consent to the "disarm now and inspect later" type of nuclear disarmament which they consistently propose. Any permanent suspension of nuclear testing should be done slowly and carefully, with constant supervision and inspection or — an unscrupulous nation could easily rule the world.

Basic Ideology

One of America's basic ideologies is the belief that it is possible for men of all nations to settle their differences by honest compromise. I believe that we can strengthen our own se-

BURY MRS. FORTNEY

Funeral services of Mrs. Edna C. (Kindig) Fortney, 73, widow of Dr. Walter D. Fortney, 53 Prince St., Littlestown, who died on Tuesday in the Warner Hospital, were conducted this afternoon at 2 o'clock from Little's Funeral Home, Littlestown. The Rev. Graham T. Rinehart, pastor of St. Paul's Lutheran Church, Littlestown, officiated. Interment was in Mt. Carmel Cemetery, Littlestown. Pallbearers were Ivan Kindig, Kenneth Benner, Joseph Cookson and J. Harvey Pettyjohn.

Easter flowers will be sold by the Ladies' Auxiliary of the Mason-Dixon Memorial Post No. 6954, Veterans of Foreign Wars in front of the post home, W. King St., next Thursday, beginning at 3:30 p.m.; next Friday at 11, and next Saturday starting at 9 a.m.

Security by continual efforts to prove our lofty ideals and humane beliefs clearly to the world. Our country's viewpoints regarding nuclear testing — to prevent surprise attack and the spread of nuclear weapons, and to expand the Moscow treaty limiting nuclear testing so as to include a ban on underground tests — have been clearly presented at the 17-nation disarmament conference now meeting in Geneva.

Until the world is ready for nuclear disarmament, I feel it is essential for our nation to continue at least any testing necessary to the preservation of our strategic deterrent. Special priority should be given to a military space program aimed at preventing or deterring nuclear attack from inner-space satellites. We should work zealously to strengthen the North Atlantic Treaty Organization and should continue to reassure its members of our nuclear capability and support. Most important, we must adopt as a part of our national philosophy a firm resolution to use our nuclear power, if necessary.

Arms Control

Our ultimate aim should be to promote the acceptance of arms control measures which would reduce the suspicions of other nations, help to prevent the danger of radioactive fallout, lessen the danger of stumbling into an accidental nuclear exchange, and help erase international tensions which develop from an uncontrolled arms race. Only thus can our God-fearing democracy live up to the ideals of its heritage. Only thus can we Americans achieve true security for our nation and assure eventual peace throughout the world.

PARISH WOMEN LEARN ABOUT CONVENTION

Information concerning the annual convention of the Harrisburg Diocesan Council of Catholic Women was announced by the president, Mrs. Bernard M. Selby, at the March meeting of the St. Aloysius Parish Council of Catholic Women, on Wednesday evening at the school recreation room, following the evening Lenten Mass.

The convention will be held on Monday, April 6, in Lebanon, with all activities at the high school except the 5 p.m. dialogue Mass. The president and Mrs. Bernard G. Kehl will be delegates from the parish, and plan to attend the all-day session. The pastor, the Rev. Dr. John E. Metz, will serve as moderator for one of the interest groups and two members, Mrs. Thomas G. French and Mrs. Paul E. Altoff, both members of the diocesan board, will serve as panelists for one of the groups. Any other women of the parish who would like to attend the convention are asked to contact Mrs. Selby as soon as possible so that tickets can be secured. Each woman attending the convention is asked to take one infant's garment for the Holy Fathers Store-room and anyone desiring to contribute a garment who will not attend, may give it to the president or take it to the rectory.

The meeting, in charge of Mrs. Selby, opened with salute to the Cross, salute to the flag and prayer to Our Lady of Good Counsel, led by the pastor, Mrs. Donald L. Bedford gave the secretary's and treasurer's reports in the absence of the latter officer. Complete financial reports on the milk store dinner for the Jaycees and the St. Patrick's Day card party were not available. The card party was "most successful" socially and financially. Mrs. Selby extended her appreciation to all those who helped. All of the prizes were donated by businesses and industry of Littlestown and vicinity.

PLAN FOOD SALE
The president announced that four members of the parish council attended the deaconry meeting in Chambersburg on Sunday. Thank you notes were read from Mrs. A. W. Schott for the spiritual bouquet for her mother and from

Mrs. Catherine Graft, school nurse, for the folding cot donated by the Council for the parochial school health room.

The annual food sale sponsored by the unit will be held in May, the exact date to be set by the committee in charge which is headed by Mrs. George P. Smith and Mrs. Joseph H. Redding as co-chairmen. The second annual Communion breakfast will also be held in June, the exact time to be decided. Miss Anna C. Weaver and Mrs. George Ernst will be in charge of arrangements. It was noted that the council had a Mass offered for the repose of the soul of Mrs. Robert Hull. A contribution of \$10 was voted to Delone Catholic High School as a prize for the graduating class.

Information concerning the Catholic Charities Storeroom which has been established in Gettysburg, provided by the Deaconry Catholic Charities co-chairman, Miss Elma Smith and Mrs. Charles Weaver, was given by the president. Anyone who has clothing, especially children's and infants', although all sizes will be accepted, or furniture and other household items, may take them to the storeroom, or may contact the president or the pastor to make arrangements for transportation. Names of women who are available as volunteers to drive for Catholic Charities will also be accepted.

Members of the council were invited to attend the meeting of the St. Francis Xavier Parish Council in Gettysburg on Thursday evening.

The pastor spoke briefly, suggesting full participation by the women in the Holy Week liturgical services. He also asked a continuance in the recitation of the Mass prayers in Latin by everyone.

Father Metz also announced that the stage had been measured for the back drop curtains, which will be placed in the near future and which the parish council will underwrite.

The nominating committee, Mrs. Bernard Kuhns, Mrs. Harry W. Stavely Sr., and Mrs. Paul E. Altoff, presented as a slate of officers all those who are currently serving, for re-election. The nominations will remain open until the April meeting when elections will be held. The film "Time and Two Women," will be shown in conjunction with the Conquer Uterine Cancer project of the National Council of Catholic Women; this was scheduled previously but postponed due to weather conditions. Members of St. Joseph's Parish Council, Bonneauville, are being invited to attend, as well as all of the women of the community.

A coffee social followed the meeting in charge of Mrs. R. G. Lain, hospitality chairman, and her committee.

Littlestown News Briefs

The Littlestown Homemakers will meet at the home of Mrs. Anna Bair, Littlestown R. 2, on Monday at 7:30 p.m. Mrs. Helen D. Tunison, Adams County home economics extension representative, will present the discussion topic "Combining Furniture."

Alpha Fire Company No. 1 answered a call at 2:55 p.m. on Thursday to the home of Malcolm I. Heiser, W. King St. A piece of paraffin got into the stove and caused smoke in the kitchen. Fire Chief Richard Stuller reported that damage was negligible.

St. Luke's United Church of Christ, near White Hall, will have a congregational meeting at the close of the 9 a.m. worship service on Sunday, April 5. The Consistory will meet at the church on Tuesday, April 7, 7:30 p.m.

The public is invited to attend the mystery-comedy "Who Dunit," to be presented this evening at 8 o'clock by the Senior Class of the Littlestown High School in the school auditorium. Tickets are available at the door.

Explorer Post No. 84 will conduct a paper drive Saturday in the eastern half of the community among those homes not contacted last week. The Explorers will meet at 8 a.m. at the Community Center. Robert Horner, Terry Redding and Dennis Wastler are in charge.

The second March meeting of

Sermon For The Week

By REV. DR. O. D. COBLE
Pastor, Bendersville Lutheran Church

"I am the Way, the Truth, and the Life," John 14:6. Some time ago in speaking to a friend, who has many contacts, I was told that older people are inclined to be cynical. If true I am at a loss to know whether this is a criticism or actually a compliment. It would be difficult indeed for me to conceive how this could be different in a world like the one in which we live. If one refuses to be immediately marked as being out of line, or he is held up to ridicule or sufficient pressure is exerted upon him to break him and bring him to his knees. Many of the most faithful in the church have been filled with a sense of dismay and disappointment. Their lifelong dreams have vanished in an age that is given to excess. An age which is almost totally lacking in a dedicated leadership. Or a leadership which is alert to the realities of life and of Christ.

LEADERSHIP?
What kind of a leadership do we have in the church which shall permit our very foundations to be threatened or destroyed without so much as a finger of protest? The church and its leadership would seem to be mightily concerned about Civil Rights but had the church been concerned about the Christian rights of all of our people the present issue would never have arisen. There is just one

force and one power in all this world which is adequate — Jesus Christ! Outside of this there is no hope. It's either Christ or chaos. Yet we have those who would now have our youth turn to world religions as a substitute for the Christ who has been denied our classrooms! How long shall we be the victims of blind guides and wickedness in high places? Yet I know that all the forces of Hell shall not prevail against the church, or the Blessed Christ, or His Holy Word! It is not too late for the Christian people in America to take a positive stand for Christ and His ideals. But this means that each of us must face ahead with Christ regardless of the effort or the cost!

This means a complete dedication to Christ, a commitment without any reservations. If you truly believe that Christ is "the way, the truth, and the life," there can be no other response and nothing less than this can save America from a fate as awful as that which befell Sodom and Gomorrah.

NEED CHRIST
If Christ were to stand on some lofty pinnacle which overlooked America might He not say as He said on another occasion, "O, America, America, how often would I have gathered thy children together, even as a hen gathereth her chickens under her wings, and ye would not!"

America needs Christ because you and I and untold others have really never given Him our best. It's not Christ Who has failed! His grace is sufficient for all our needs and all our problems but only when we are His disciples indeed! It is unnecessary for me to remind you of the facts of which you are aware. Never as a people have we been held in such disrespect. Our flag has been torn to shreds and trampled into the ground. Our embassies have been stoned and destroyed. Our nation has been shunned and insulted. While our enemies increase our friends become fewer in number! Only our armed might has saved us thus far. But our deepest hurt

does not lie in our loss of prestige abroad but in the fact that we are torn with dissension. That we are arrayed against one another! **BIBLE OUSTED**
That regardless of the wishes of the vast majority of the American people the Bible has been thrown out of the public schools and our school children have been forbidden to pray even the prayer of our Lord! America is coming apart at the seams and all of us who have professed His name by our very silence are as guilty as the Supreme Court and the inept leadership in the Christian church! It is not that we do not have fine consecrated people in our

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

SOUL IN STONE

What do you see here? Figures of statuary? A symbol of religion? A monument to the Master?

Look with your heart and you'll see something else. You'll see the soul of the sculptor.

A man mightily inspired — who wanted with his talents to worship Christ — who took stone and chisel and hammer . . . and all the strength of his body . . . and all the faith of his heart. He said to the world with his Art-Words that which he could never have spoken with his lips nor written with his pen.

For twenty centuries Jesus, the Saviour, has inspired our best. In the annals of mankind a million thrilling breakthroughs in human achievement have been dedicated to His service.

So never pass the humblest creation of sacred art — not even the crayoned Bible-picture of a child — without remembering that you too have a soul. And talents to give your God!

NEGRO LEADER PREDICTS HOT CIVIL RIGHTS EXHIBITIONS

EDITORS—One of the prime leaders in the fight against segregation is Dr. Martin Luther King Jr. of Atlanta, president of the Southern Christian Leadership Conference. Here, in an exclusive Associated Press interview, King gives his views as to the course the battle will take this year.

By DON MCKEE
ATLANTA, Ga. (AP) — Dr. Martin Luther King Jr., leader of the Southern fight against segregation, predicted today that civil rights demonstrations will reach record proportions this year.

"I think we will see the hot-

test summer in terms of civil rights," King said in an interview. "I think we will see demonstrations on a level and size we've never seen before."

Outlining plans for 1964, King reiterated that Alabama has been chosen as the main target this year by the Southern Christian Leadership Conference he heads.

BEGIN IN APRIL
The Alabama campaign will begin in late April or early May, King said, and it might be centered on Montgomery or spread out over five major cities.

A team is working in Alabama to mobilize Negroes, King said. "We are hoping to get at least 10,000 recruits for a non-violent army who will be willing to spend their vacation in jail if necessary," he said. King declined to go into details of the Alabama drive. He said SCLC is helping in Mississippi desegregation efforts and will try to send at least 1,500 students from North-

ern and Western colleges and universities to Mississippi this summer to join the drive.

CAPITAL ACTION
If there is a serious filibuster in the U.S. Senate against the civil rights bill, "then we definitely plan action in Washington and supportive action all around the country," he said. Another phase of his efforts, King said, will center this summer on the presidential election and political conventions.

"I plan to travel into Northern communities and try to initiate a very massive, intensified voter registration drive," he said. "We have studied marginal districts all over the United States—those districts where congressmen barely got elected and additional votes would make the difference."

"In many instances, these congressmen have been wishy-washy on civil rights and new voters could change that." King said he will call a conference, probably in September, "to launch a nationwide selective buying program" on a national basis.

MISSILES ARRIVING
WASHINGTON (AP) — The first 400-mile range Pershing bombardment missiles are expected to arrive in Europe next month to provide added nuclear striking power for the U.S. 7th Army in West Germany.

The movement of the most advanced Army battlefield missile to Europe has been foreshadowed for quite some time.

When Pope Gregory I sent out missionaries in 601, he counseled them to let converts weave the harmless features of winter pagan festivals into the spiritual fabric of the Christmas observance.

'BRAVEST MAN' PASSES AWAY

WORCESTER, Mass. (AP) — The Rev. Joseph T. O'Callahan, 58, the only chaplain to win the Medal of Honor and described by his commanding officer as "the bravest man I ever knew" died Wednesday night in St. Vincent Hospital.

Father O'Callahan, chaplain aboard the aircraft carrier USS Franklin when she was attacked off Kobe, Japan, in World War II, was presented the Medal of Honor by President Truman in 1946.

Father O'Callahan was a former professor at Holy Cross College. Recently, he had been in residence at the school.

His almost unbelievable exploit which won him the nation's highest and rarest decoration for courage took place March 19, 1945. During a relentless kamikaze attack some 1,000 of the Franklin's complement of over 3,000 were killed.

It was then-Capt. Leslie E. Gehres of the Franklin who lauded the priest as "the bravest man I ever knew."

Among the wounded was Father O'Callahan but he refused aid while he struggled to help other wounded and dying. The hospital said death was due to hardening of the arteries.

Ancient Romans feasted, exchanged gifts and decorated with evergreens during Saturnalia, a December festival honoring the god Saturn. Also relics of pre-Christian midwinter celebrations are mistletoe, the yule log and the wassail bowl.

James MARLOW Reports

By The Associated Press

WASHINGTON (AP) — The pattern of Lyndon B. Johnson's presidency in 1964 is now pretty clear. The pattern includes preparation for the supreme test of his life: election to the presidency on his own.

This is it: At home be cautious; seek the broadest public appeal and approval; don't give the critics ammunition; be plain, humble, and homey. Abroad: Be nice, pleasant, but stiff.

He showed what he was aiming at in a recent interview when he said he wants to be a "people's president." Whether in the long run all this is good leadership or just accommodation to public mood remains to be seen.

SEEMS CERTAIN

As of now Johnson, who succeeded to the presidency without winning it, seems certain of the Democratic nomination. Would-be Republican presidential candidates trail him in the polls.

Thanks to his tactics, their criticism of him has been weak. Mostly, they've been thrashing around among themselves. It may be different next summer when Republicans pick their candidate and the campaign begins.

President Kennedy was an extremely cautious executive, too, with some early exceptions like backing the disastrous invasion of Cuba and his fight with the steelmakers.

EMPHASIZES ECONOMY

It has been reported that Kennedy was cautious because, due to his hair-thin victory in 1960, he felt he lacked a full mandate from the people. That wasn't much excuse for failing to push some of his programs harder.

His election was a full mandate, no matter how slim his victory. If this was truly Kennedy's feeling, Johnson by the same reasoning could claim the right to even more caution. He wasn't even elected.

Whether or not this is Johnson's feeling, his natural caution, or his experienced political policy, he has sought public approval step by step from the beginning. For instance: His big emphasis on economy.

UNDERCUT CRITICISM

It was popular and at the same time undercut the Republicans' old criticism that Democrats were big spenders although President Eisenhower went in the red more than once.

Then Johnson followed his preachment by offering a \$98.8-billion budget, less than Kennedy's last year, and even got publicity about his economy-mindedness by turning out the White House lights.

Now he's following up by asking far less than Kennedy for

foreign aid, a program always under criticism. Last year Kennedy asked \$4.9 billion. Johnson is asking only \$3.4 billion.

PRaises VOTES

Last year Congress, after whittling, permitted exactly \$3.4 billion, including \$400 million in carryover money. So Johnson is not asking a dime more. Republicans and the economy-minded can't find much to criticize there unless they want to abolish foreign aid.

Johnson has cultivated both business and labor, praised free enterprise, offered an antipoverty program, backed civil rights, and is all for medical care for the aged.

That covers a lot of the population, most of them voters. Southern whites may get mad about civil rights but there may not be much heat on the rest, particularly since Congress may not act on them this year.

Johnson has been proper but stiff with Premier Khrushchev, hardly an unpopular performance in this country. Even in the dispute with little Panama, Johnson has managed to deprive Republicans of much to criticize.

FOREIGN PERILS

They warn against making concessions under pressure.

Johnson wasn't under any crisis pressure about Panama but he leaned over backward to avoid any appearance of conceding anything.

His chances for big mistakes are far greater in foreign affairs than domestic ones. His experience was all domestic, not foreign. Understanding Ameri-

can politics is not the same as sensitivity to other peoples.

For instance: While Johnson may have seemed pleasantly firm and unbending to Americans on Panama, he angered Latin Americans by the way he handled it.

GOP UNCERTAIN ON VOTES FOR UC PROPOSALS

HARRISBURG (AP) — Gov. Scranton's unemployment compensation program headed toward a possible final legislative test today with Republicans still uncertain they have sufficient votes.

While reporting there still are four to eight holdouts on the Republican side, Majority Leader Kenneth B. Lee predicted the Senate-approved proposal would pass the House by nightfall.

The Senate, in recess since Tuesday, returns today for routine handling of the proposal should it clear the House. The leaders of both houses must sign the legislation before sending it to the governor.

Republicans had the votes to head off a final test and to defeat a package of Democratic amendments Thursday that would have killed most of Scranton's key proposals, aimed at restoring the sagging unemployment compensation fund.

"Apparently all of the ducks haven't been put on the pond as yet," Minority Leader Anthony J. Petrosky cracked as Republicans hastily moved to adjourn a session that was marked by three and a half hours of debate.

At the conclusion of the remarkably calm session, speaker W. Stuart Helm thanked members of both parties and guests in the jammed-packed galleries for "the dignified way they conducted themselves during a trying day."

Debating their amendments, Democrats said there was no need to change the present U. S. law except to raise the wage base on which taxes are levied from \$3,000 to \$3,600 annually and to boost maximum weekly benefits from \$40 to \$45 a week.

Rep. A. V. Capano, D-Washington, said the Commonwealth could wipe out its \$167 million U. C. fund debt to the federal government by permitting an automatic increase of 45 percent in the tax rate.

Rep. Austin J. Murphy, D-Washington, said the "fund is not in such bad shape that action is required today—three days after we received it from the Senate."

The Scranton proposal would

Export Trade Futures Good As European Costs Move Up

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—Europe's economy is due to keep on rising and so are the opportunities for American sales there. That is the happy prediction of American international bankers scanning the latest trade figures.

They also note that the United States sells much more to Europeans than it buys from them. With European production costs now on the way up, the markets look even better for the Yankee trader — unless European nations restore some of the old barriers against American goods.

OVERSEAS MARKET
Europe's Gross National Product should go up between four and five per cent a year through the rest of this decade in the view of economists at the Chase Manhattan Bank, New York. And since the population growth will be less than one per cent a year, the rise in this value of total production of goods and services should mean an even faster increase in the standard of living in Europe than in the United States — in other words, larger markets overseas.

LESS COMPETITION
Rising costs of production and increased prices are already plaguing the European Common Market, economists at Morgan Guaranty Trust Co., New York, point out. The trend seems still higher.

For American producers this means less competition in many markets — those in Europe, in the rest of the world, and also here at home where foreign imports have been a problem for some industries.

The six Common Market nations are France, West Germany, Italy, the Netherlands, Belgium and Luxembourg. Their trade deficit with the United States was \$2.5 billion in 1963. U.S. businessmen sold 13 per cent more goods there last year than they did in 1962, but in turn imported only five per cent more.

WAGE INCREASES
Production costs, and prices, have been rising fast in Europe. Since 1960 wage increases

outan productivity gains by three to one in the manufacturing industries of some of the bigger industrial nations. Britain has had the same experience.

Labor cost per unit of output has stayed about level in the United States between 1960 and 1963 while it was rising in France, Germany, Italy and in Great Britain.

But the continuing rise in their general economies leads the economists at the Chase Manhattan to predict that by 1970 the after-tax personal incomes of these industrial countries will rise enough to make ownership ratios of refrigerators, washing machines, and television sets comparable to those already in effect in the United States.

The bank also tells American businessmen to watch for another development: upgrading both in quality and size of the appliances Europeans can buy. This would bring the American models into better competitive range.

BLOOM DENIES VOTE BUYING

By THE ASSOCIATED PRESS
HARRISBURG (AP) — Rep. Erwin L. Murray, Emporium Democrat, said today George I. Bloom, the secretary of the commonwealth, promised to try to get a highways department shed for Cameron County in return for his vote on the unemployment compensation proposal. Bloom denied it, saying no promises of any kind were made. Murray, who bolted the Democratic ranks last year to vote with Republicans on the sales tax increase, told a newsmen he had been called in twice, last night and this morning, by Bloom.

"He offered to see what he could do about a highway shed for our county," Murray said. Bloom, reached for comment, said he had talked with several Democrats on the UC proposal, but added that they dropped in to see him, that he did not call them.

of tentative cuts at shipyards on the east and west coasts and at Pearl Harbor, Hawaii, the Navy said reductions could range as low as 531 and as high as 6,031.

The proposed personnel changes would give the Philadelphia yard an employment figure between 7,900 and 8,400 by June 30, compared to its present employment of 8,778.

A navy spokesman said the final figures at each yard will be determined by work load—the number of ships being overhauled or repaired, and the amount of such work that has to be done on each ship.

The worker reductions probably will come about by both attrition and firings, it was indicated.

Is your best buy—

Best protection—with a 5-year/50,000-mile warranty*
Best performance—real economy, fine handling
Just \$1,595—the low-priced all-new import.

*HERE ARE THE FACTS:

Chrysler Motors Corporation warrants all of the following vital parts of the Simca 1000 for 5 years or 50,000 miles, whichever comes first, during which time any such parts that prove defective in material and workmanship will be replaced or repaired at an Authorized Simca Dealer's place of business without charge for such parts or labor: engine block, head and internal parts, water pump, intake manifold, Trans-Axle parts and rear wheel bearings.

HERE'S ALL YOU MUST DO: Give your car this normal care—change engine oil and re-torque the cylinder head at first 800 miles and thereafter change engine oil every 3 months or every 4,000 miles, whichever comes first; clean oil separator every 6 months (spring and fall); clean carburetor air filter every 6 months and replace it every 2 years; and clean the crankcase ventilator valve oil filler cap and change Trans-Axle lubricant every 6 months, or 8,000 miles, whichever comes first; AND every 6 months furnish evidence of this required service to an Authorized Simca Dealer or other Chrysler Motors Corporation Authorized Dealer and request him to certify receipt of such evidence and your car's mileage. Simple enough for such important protection.

De Gaulle Visit Is Called Drive To Push Influence

By MORRIS W. ROSENBERG
MEXICO CITY (AP) — President Charles de Gaulle's visit to Mexico this week was heralded as the start of a drive to extend French influence through Latin America.

De Gaulle plans a tour of South America in the fall. What effect did his four days in Mexico have on Mexican policy?

"Nothing has really changed," some Mexican officials commented.

The 73-year-old French hero was unsparing in the praise he heaped on Mexico.

Mexicans responded with their limitless hospitality, even giving De Gaulle the unprescribed Mexican nation from the balcony of the National Palace.

AREA MILK PRICE BOOST IS PROPOSED

PHILADELPHIA (AP) —

A tentative minimum order being circulated by the Pennsylvania Milk Control Commission would increase the price per quart of milk in southeastern Pennsylvania by April 1, a dairy spokesman said Thursday.

Home-delivered milk, now selling for 27 cents a quart and 50 cents a half gallon, would go up to 28 cents a quart and 52 cents a half gallon. Milk now can be purchased in stores for as low as 25½ cents a quart or 47 cents a half-gallon.

If the commission, which had no immediate comment on the report, approves the tentative order, store-bought milk would cost as little as 26 cents a quart, an increase of one-half cent, or 48 cents a half gallon, an increase of one cent.

As is customary in the spring, milk price changes also are being studied for other parts of the state, it was understood.

The spokesman, Peter Maggio, president of Milk Maid Dairies of Philadelphia, said the commission held hearings last December and January "and I oppose strenuously any increase in prices on grounds the dairies now are making sufficient profits."

Neither disarmament nor nuclear testing was mentioned in the joint communiqué the two presidents issued.

Lopez Mateos stated shortly before De Gaulle arrived he had no intention of following the Frenchman's move in recognizing Red China, although Mexico has begun to sell cotton and wheat to Peking.

LAWYER HOPES FOR NEW TRIAL FOR JACK RUBY

HOUSTON, Tex. (AP) — Jack Ruby's new attorney is confident his client will be granted a new trial and will escape death in Texas' electric chair.

Percy Foreman, president of the National Association of Defense Attorneys and probably the best known criminal lawyer in Texas, agreed Thursday to succeed Melvin M. Belli as Ruby's chief counsel.

A Dallas jury sentenced Ruby to death Saturday for slaying Lee Harvey Oswald, the accused assassin of President John F. Kennedy, last Nov. 22.

Foreman, who has handled more than 700 capital offense cases and lost only one defendant to the electric chair, was hired by three brothers and a sister of Ruby hours after they fired Belli, a famous California attorney.

WILL FILE MOTION
One of the remaining Ruby attorneys, Joe Tonahill of Jasper, Tex., said he would file a motion for a new trial in Judge Joe B. Brown's court today although Foreman has not said who his assistants will be.

Foreman said he signed a contract with Eileen Kaminsky, a sister of Ruby, and with three of Ruby's brothers, Hyman Rubenstein, Chicago; Earl Ruby, Southfield, Mich.; and Sam Ruby, Dallas. The four drove from Dallas to Houston to see Foreman.

The family said Belli was fired by special delivery letter, signed by Jack Ruby and another sister, Eva Grant of Dallas, and mailed Wednesday night.

WILL MEET NEWSMEN
Belli, arriving at his San Francisco home Thursday night, said he will meet newsmen at his office at 10 a.m. today to make a statement.

"If we are successful in getting a reversal of this case and a new trial, I don't think Mr. Ruby will ever be executed," Foreman, 61, told newsmen.

The family said Foreman, a 210-pounder who stands 6-4, was their choice as chief attorney all along. They said they hired Belli after a go-between who approached Foreman crossed them up.

Three Mat Champs Take First Tests
SPEARFISH, S. D. (AP) — Three defending champions passed their first tests Thursday night in preliminaries of the annual NAIA wrestling tournament at Black Hills State College.

Jim Hazelwinkel of St. Cloud, Minn., outpointed Charles Powell of Illinois State University 7-0 in the 115-pound class.

In the 123-pound division Bucky Maughan of Moorhead, Minn., outpointed Tom Bauman of River Falls, Wis., 6-1.

Jerry Swope of Lock Haven, Pa., defending his 177-pound title, outpointed Rodney Anderson of Mayville, N.D., 7-0.

Quarterfinals are set Friday afternoon.

Red Wings Clip Rangers 9 To 3

DETROIT (AP) — The Detroit Red Wings are three points out of third place entering the last weekend of the regular season, and there is no doubt in the minds of the players that they'll pass Toronto and pocket a little extra cash.

The Red Wings bombarded the New York Rangers 9-3 Thursday in the only National Hockey League game scheduled. Detroit will face the Maple Leafs in a home-and-home weekend series.

The victory, in which Parker MacDonald and Alex Delvecchio each scored two goals, was the fourth straight and gave the Red Wings a 13-4-2 record.

The difference between a third and fourth place finish is about \$250 per man. Many of the Red Wings also have clauses in their contracts which call for a \$1,000 bonus if the team finishes in third place.

ASKS AGE OF MUSMANNO

WASHINGTON (AP) — Miss Genevieve Blatt, Pennsylvania's secretary of internal affairs, sheepishly admits she is 50 years old and says her opponent for the Democratic senatorial nomination, State Supreme Court Justice Michael A. Musmanno, should reveal his age.

Miss Blatt, in town for a \$100-a-plate democratic fund-raising dinner, made the comments in a joint news conference with Sen. Joseph S. Clark, D-Pa., who has announced his support for her in the April 28 primary.

Also in the race is Allegheny County Prothonotary David A. Roberts.

Clark said he has learned Musmanno is 66, but that none of Musmanno's biographical sketches list his age.

He said it would be more understandable if Miss Blatt—the only woman seeking the nomination—was to hide her age.

Miss Blatt said, however, age would not be an issue in the campaign.

LOUISVILLE, Ky. (AP) — Terry Shinkle, a University of Louisville freshman, shot a par on the ninth hole of a recent golf round and it was his worst hole. He had fired eight straight birdies and had a 28.

SOVIET POLICE HALT PROTEST OF MOROCCANS

By HENRY S. BRADSHAW
MOSCOW (AP) — Soviet police hauled protesting Moroccan students out of Morocco's Embassy in Moscow during the night after pleading failed to budge them.

The students, about 50 strong, were taken back to their dormitories in buses about eight hours short of their goal of a 24-hour sit-in.

The students occupied the embassy at 10 a.m. Thursday to protest against death sentences ordered in Rabat for 11 persons convicted of plotting to assassinate Morocco's King Hassan II.

There was no violence as the demonstrators streamed into the embassy offices, seated themselves on the floor with arms linked and announced they would resist any attempt to oust them.

Soviet authorities did not intervene at first, since by diplomatic tradition the embassy of a country is its own soil.

There the students sat as the hours passed, refusing to eat, singing Arabic songs occasionally and posing for news photographers.

REFUSED TO LEAVE
They turned a deaf ear to harried junior embassy officers who urged them to leave. The ambassador was out of town.

Shortly after dark, three officials of the Soviet Ministry of Education arrived and appealed to the demonstrators to leave. The students refused. The Soviets threatened further measures.

A student leader said the Soviet officials told them the Moroccan government had asked the Soviet ambassador in Rabat to have something done.

LOAD INTO BUSES
Three buses loaded with police wheeled up outside the embassy about 1:30 a.m. and cordoned off nearby streets. When several ranking officers had no better luck with the students than the others, police moved in and carried the Moroccans away.

An embassy spokesman said they went voluntarily. One student said they put up some physical resistance.

Orioles Will Hold Seven "Kids' Days"

BALTIMORE — Baseball has been described as a kid's game and the Orioles are inclined to go.

To give the youngsters a chance to see more major league baseball as guests of the Orioles, the club announced today that it has expanded its "Kids' Day" program for the 1964 season by setting aside three more special dates than last year and raising the maximum age limit from 13 to 16 years and under.

Seven afternoon home games, as opposed to four last year, have been designated "Kid's Days" when all youngsters 16 and under—and adequately supervised—will be admitted free of charge to the general admission sections of Memorial Stadium. Adults accompanying the children, however, will be charged the normal \$1.25 general admission price.

Following is the 1964 "Kids' Days" schedule: Saturday, April 18, New York; Saturday, May 2, Cleveland; Saturday, May 23, Minnesota; Tuesday, June 30, Minnesota; Sunday, July 5, Kansas City; Sunday, July 26, Washington; Saturday, October 3, Detroit.

Quits White House Post To Campaign For Senate

By MORRIS LANDSBERG
SACRAMENTO, Calif. (AP) — Pierre Salinger came bounding across the California political arena today as a prospective last-minute candidate for the U.S. Senate.

It wasn't so much a question that the press secretary of two presidents intends to come home to run in a Democratic race which already has split the party.

It was, can he? Salinger apparently was warmed with legal advice that there's nothing to prevent him from seeking the nomination for the seat of Democratic Sen. Clair Engle in the June 2 primary.

Engle underwent brain surgery last August, but he has filed for re-election in the face of assertions by state Democratic leaders that he's too ill to campaign.

The U.S. Constitution requires only that a senator be 30 years of age and an inhabitant of the state.

Some election experts seemed to think that Salinger, 38, former San Francisco newspaper reporter, could qualify if he's primed to get his nomination papers in on time. The deadline is 5 p.m. today.

Others weren't so sure because he let his California residence lapse when he left for jobs that led to his post as press advisor to the late President John F. Kennedy and then President Johnson.

Barons, Hornets Face Big Game

By THE ASSOCIATED PRESS
The Cleveland Barons resume their drive to regain first place in the Western division of the American Hockey League by invading Pittsburgh tonight to battle the first place Hornets.

Pittsburgh currently leads the second place Barons by three points, 77-74, making the game a must win for the Clevelanders.

The Quebec Aces, the Eastern Division leaders, crushed the Buffalo Bisons 7-3 in the only AHL game scheduled Thursday.

A hometown turnout of 6,900 saw Wayne Hicks lead the Aces with two goals. Quebec took a 4-0 lead before the Bisons scored late in the second period.

LINDA HOPE TO MAKE TV DEBUT IN DAD'S SHOW

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP)—There's a new Hope on the television screen tonight and her name is Linda.

The daughter of Bob Hope makes her debut tonight on her father's show. She plays Miss November in "Her School for Bachelors," in which Bob plays owner of a girlie magazine and night club.

DELAYED DEBUT

Linda is 22, and she explained why she had waited so long to make her debut: "I wasn't sure show business was ready for any more Hopes. Look at all the Crosbys it had taken!"

Besides, she wanted to enter the family profession prepared. With that in mind, she has been taking lessons in acting from Agnes Moorehead. She studies both in private with Miss Moorehead and in group classes.

TAUGHT ENGLISH

She graduated from St. Louis University in Missouri and taught English for a couple of years at Our Lady Queen of Angels High School in downtown Los Angeles.

She continues to teach one day a week, but now she is giving serious thought to a career in entertainment. She saw her chance for a break when she found the script of "Her School for Bachelors" at the Hope Manse.

See landed the part as one of the magazine dummies. Nine lines and everything. She confessed it was not really her acting debut. She had appeared in one of Bob's films, "That Uncertain Feeling."

HAS SMALL PARTS

"No lines in that one," she admitted. "In fact, no face. I was standing at a filing cabinet with my back to the camera."

She's hoping for bigger things, especially in the field of light comedy or drama. But she admitted that her interest leans more toward direction. She plans to go to Europe this spring.

Hold 23 Negroes In Demonstration

JACKSONVILLE, Fla. (AP)—Police arrested 23 Negroes Thursday night as demonstrators stepped up their drive to end segregation in downtown Jacksonville.

Twenty Negroes were arrested Wednesday in demonstrations against a hotel and several eating places. The trial of the 20 was postponed Thursday until March 25 after 200 Negroes gathered in front of the Municipal Court building, singing and praying.

Judge John Santora said there was too much noise to carry on the trial.

100 Leaders Meet In Private Talks

WILLIAMSBURG, Va. (AP)—Away from the tensions of world capitals, a hundred high-ranking leaders of Western governments meet here today for a diplomatic get-together.

There are no scheduled speeches. No papers will be delivered. The three days of meetings will go on behind closed doors.

Among those attending are Prime Minister Lester Pearson of Canada, George W. Ball, U.S. undersecretary of state, former U.S. Secretary of State Dean Acheson, and Dirk U. Stikker, secretary general of the North Atlantic Treaty Organization.

Blast Wrecks Barge, Rocks Two Cities

ALAMEDA, Calif. (AP)—A mystery explosion that shook two cities tore a hole in a huge ocean-going barge Thursday, killing two workers and injuring 12 others.

The blast, cause unknown, ripped open a 50-foot section of the barge's stern and caused a shock wave felt in neighboring Oakland and in San Francisco, eight miles away.

Woman Manager Took \$340,000

SAN FRANCISCO (AP)—Dolly Gee, 64, the lady manager of the Bank of America's Chinatown branch, is under a five-year prison sentence for embezzlement she had concealed for 34 years.

U.S. District Judge Albert C. Wollenberg Thursday denied parole. He agreed she had been a valuable executive, building branch assets from \$2 million to \$12 million, but said:

"Miss Gee continued these embezzlements over 34 years of time and they now amount to \$340,000."

JUNKED CARS MAY COST CITY \$150,000 IN '64

Editor's note: Abandoned automobiles clutter streets in many Pennsylvania cities, and authorities report great difficulty in trying to solve the problem.

By RUSSELL LANDSTROM Associated Press Writer

PHILADELPHIA (AP)—If the trend continues the day might conceivably come when the streets of most cities in Pennsylvania would sag into wastelands of abandoned automobiles. Authorities hope, of course, that they can lick the problem before things get that bad. But in their moments of frustration and exasperation — all too frequent — they wonder how they can possibly cope with this mounting, menacing mass of metal.

CLUTTER STREETS

Ordinances have been passed, fines have been increased, the police have become tougher. Still the old jalopies clutter the streets, a sight more desolate than the bleached bones of lost cattle on the deserts of the old southwest.

Abandoned cars are considered a downright traffic danger. They are a fire hazard, too, harboring vagrants and vandals, careless in their smoking habits or deliberately destructive with matches.
